

## CHAPTER V

### CONCLUSION AND SUGGESTION

#### A. Conclusion

Based on the research finding, the researcher concludes that there is significant effect of applying field trip method on students' achievement in writing descriptive text, since students' achievement in writing descriptive text taught by applying field trip method is higher than without applying field trip method ( $t_{obs} > t_{table} : 3.67 > 2.00 ; \alpha = 0.05$ ).

#### B. Suggestion

In relation to the conclusions, suggestions are staged as the following:

- 1) English teachers are suggested to use field trip method to improve students' achievement in writing text in all genres and also to improve the students' attitude and skill during the teaching and learning process.
- 2) Since this study is only focused on students' achievement in writing descriptive text, it is suggested to other researchers to conduct further studies of field trip method on other skills or other studies.
