

CHAPTER V

CONCLUSIONS AND SUGGESTIONS

A. Conclusions

After analyzing the data, the conclusions were drawn as the following.

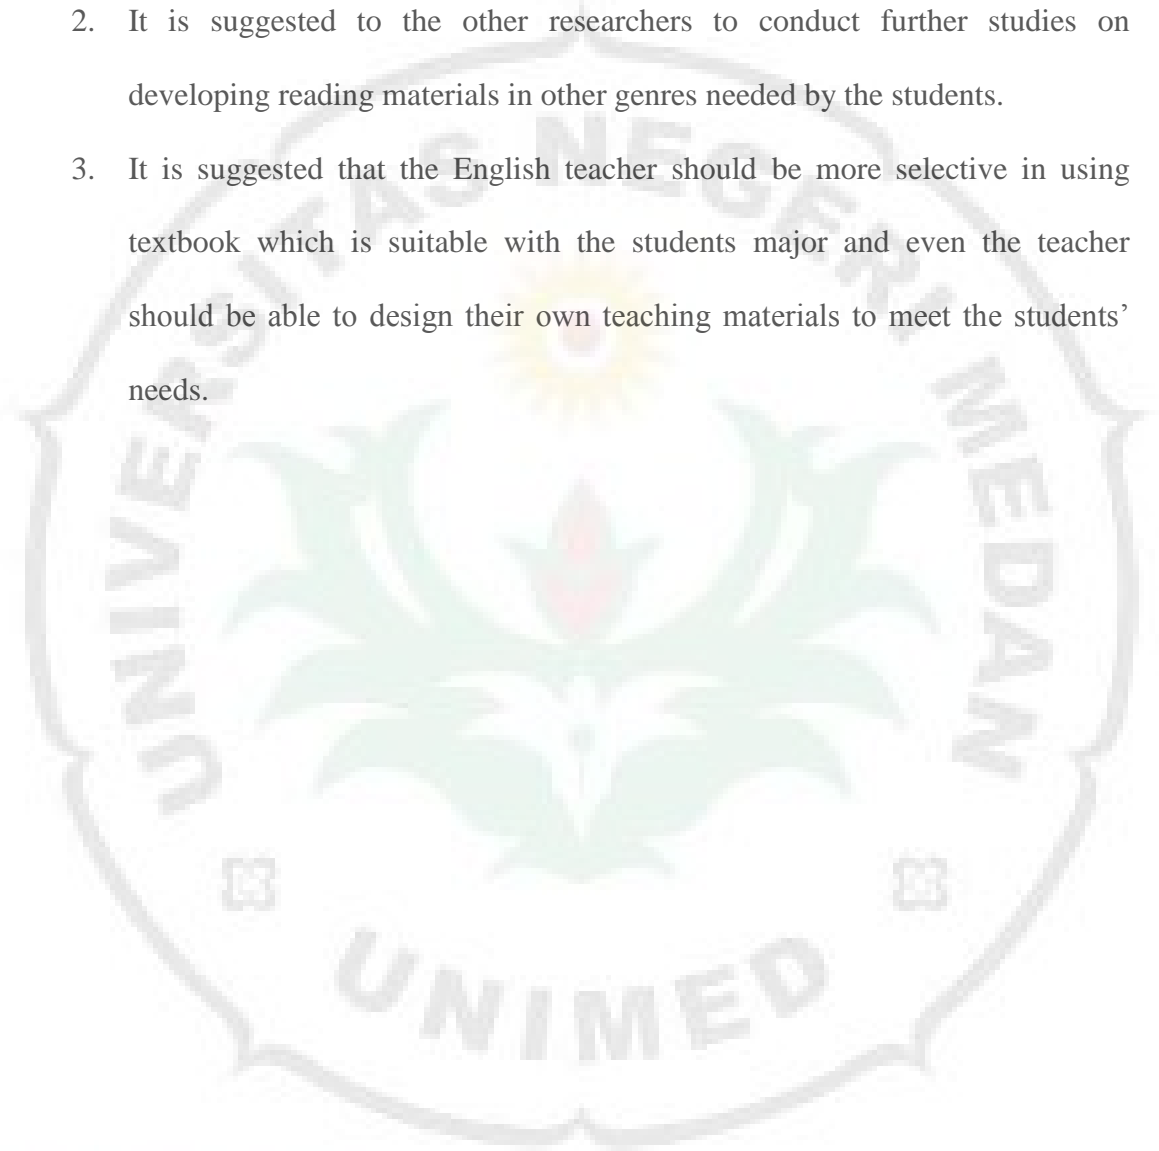

1. The existing reading materials in the book used by the hospitality students of SMK N 1 Pantai Cermin do not discuss about hospitality. The genre of the texts are procedure, but they are not relevant with their major. The new reading materials in this reaseach are directed to the students' competence as a hospitality students, they are : the procedure of making bed, the procedure of handling check in guest, the procedure of handling D&D room and the procedure of taking order.
2. The new English reading materials are developed through PBL approach and Need Analysis which based on students' need agree with the syllabus. The reading materials needed, are directed to the topics related to the Standard Operational procedure in hospitality field.

B. Suggestions

In relation to the conclusions, the suggestions are presented as the following.

1. It is suggested that the institution should supervise the teachers in using the materials and make the rule for the teacher to teach the students' based on their needs.

2. It is suggested to the other researchers to conduct further studies on developing reading materials in other genres needed by the students.
3. It is suggested that the English teacher should be more selective in using textbook which is suitable with the students major and even the teacher should be able to design their own teaching materials to meet the students' needs.
