

ABSTRACT

Anisyah, Registration number: 2122121005. Developing Song as Media in Writing Descriptive Text for The Tenth Grade at SMA Negeri 2 Kisaran. A Thesis. English Educational Program, State University of Medan, 2016

This research is aimed to develop song as media in writing descriptive text based on the students' needs and curriculum 2006 for the tenth grade students of SMA N 2 Kisaran. There is one problem formulated in this research, How is song media developed in writing descriptive text to the tenth grade students of SMA N 2 Kisaran. In order to answer the problem, the researcher conducted Research and Development (R & D) method. The subject of this research was 2016/2017 students of the tenth grade of SMA N 2 Kisaran. The number of the students was 35 students. The data of this study was collected by using need analysis questionnaire and expert judgment. Need analysis questionnaire was calculated by using percentage to get the information of students' need before developing song media. Expert judgment data were calculated by using score average of criteria interval of expert judgment to know the validity of song media which has been developed. After the data analyzed, it was found that the experts' judgment result was 3.65 which had a good criteria interval.
