

CHAPTER V

CONCLUSION AND SUGGESTION

A. Conclusion

After analyzing the data, it concluded that there was significant effect of applying 3H (*Here, Hidden, and in my Head*) strategy on students' achievement in reading narrative text, since students' achievement in reading narrative text taught by applying 3H (*Here, Hidden, and in my Head*) strategy is higher than without applying 3H (*Here, Hidden, and in my Head*) Strategy. It was proved by the result of t-test. It showed that t-observed value (5.2) was higher than t-table (2.00) with α 0.05 and $df = 58$. It means that H_a was accepted.

B. Suggestions

Based on the the conclusion above, suggestion are put forwarded as follows:

1. The English teachers are suggested to use 3H (*Here, Hidden, and in my Head*) strategy in their teaching learning process in order to improve students' achievement in reading narrative text.
2. Since this study is only focused on students' achievement in reading narrative text. It is suggested that other researcher to apply 3H (*Here, Hidden, and in my Head*) Strategy in developing the teaching model of 3H to improve the teaching of reading comprehension to the school.
