

LIST OF FIGURE

Figure 3.1	Flow chart of the research developed teaching material with PBL model	22
Figure 4.1	Result of analysis teaching material A based on BSNP	30
Figure 4.2	Analysis result of teaching material B based on BSNP	32
Figure 4.3	Analysis result of teaching material C based on BSNP	34
Figure 4.4	Level of feasibility teaching material according to BSNP by lecturer and teachers as expert validator	40
Figure 4.5	The analysis result of integrated teaching material of PBL model based on aspect of content feasibility	41
Figure 4.6	The analysis result of integrated teaching material of PBL model based on aspect of language feasibility	43
Figure 4.7	The analysis result of integrated teaching material of PBL model based on aspect of presentation feasibility	45
Figure 4.8	The analysis result of integrated teaching material of PBL model based on aspect of graphic feasibility	47
Figure 4.9	The analysis result of integrated teaching material of PBL model based on aspect of the presentation feasibility based on PBL model syntax	49
Figure 4.10	The assessment result of integrated teaching material of PBL Model based on display aspect	51
Figure 4.12	The assessment result of integrated teaching material of PBL Model based on material aspect	53
Figure 4.13	The assessment result of integrated teaching material of PBLModel based on benefit aspect	55
