

ACKNOWLEDGEMENTS

I would like to thank, first, Prof. Dr. Busmin Gurning, M.Pd and Prof. Dr. Sumarsih, M.Pd, who accepted to supervise this work and who provided me with the necessary and keen criticism and advice to conduct this research.

I am also indebted to Prof. Amrin Saragih, M.A., Ph. D., Dr. Rahmad Hussein, M. Ed, and Dr. Anni Holila Pulungan, M. Hum who have accepted to examine my thesis of Magister and to preside the jury.

I would like to thank particularly the STIE Sultan Agung of Accounting Department Semester III students and the language lecturers who greatly helped me in completing the questionnaires.

My acknowledgements go also to all my friends and colleagues that supported me all along this difficult period of my research and writing.

I would mention a special thank to my beloved family for their motivation and pray for my effort to complete this study.
