

## ACKNOWLEDGEMENT

This thesis has been written in partial fulfillment of the requirement for the degree of Magister Humaniora in English Applied Linguistics of Postgraduate School in the State University of Medan (UNIMED). Alhamdulillah, the writer is deeply grateful to ALLAH SWT for his blessings, so this thesis could be finished.

It is a great for the writer to pleasure her deepest thanks and gratitudes to her first adviser Prof. Dr. Sumarsih, M.Pd professor of English applied linguistics study program, for suggesting the points of this manuscript, supervising of the work and for the invaluable guidance at the longtime and tremendous effort to offer every possible help to finish this thesis. And the writer is genuinely appreciative of Dr. Rahmad Husein, M.Ed as the second adviser as well as the head of LTBI (Linguistics Terapan Bahasa Inggris) for helpful discussions and lecturer of English applied linguistics study program, for his encouragements and kind care to writer for finishing this thesis. And her thanks to her reviewers Prof. Dr. Lince Sihombing, M.Pd Dr. Zainuddin, M.Hum and Dr. I Wy Dirgeyasa, M.Hum for their suggestions, encouragements and criticisms to help the writer in finishing this thesis to be better one on manuscripts during the thesis proposal seminar and the research result seminar.

She owes a deep sense of gratitude to all lecturers for their knowledge and encouragements throughout the academic study period. And she thanks peofusely to Mr. Farid and all the staffs of magister program administration for their kind help and co-operation.

Then, the writer dedicates this thesis to her mother Syarifah Fauziah as a strong and gentle soul who taught her to trust in ALLAH SWT, believe in hard work and pray earnestly. And to her father Sujarwo for his encouragement, continous care and patience. Futher, the writer thanks to her dearest younger sister Saqinah and younger brother dr. Muhammad Ihsan for their loves, suggests and cares all the times. And she thanks to all her great buddy Ns. Dara Mutia, S.Kep, her classmates Sumarni M.Hum, Jamil Reza Naibaho M.Hum and all friends who cannot be written for their helps constructive criticism and supports to complete and improve this thesis manuscript.

Finally, she realizes that this thesis is not yet perfect format. Therefore, the constructive criticism from readers aimed to improve this thesis will be highly appreciated. So, it can give significant contributions to study about the first language phonological acquisition.
