

ACKNOWLEDGEMENT

This thesis becomes a reality with the kind of support and help of many individuals. The researcher would like to extend her sincere thanks to all of them.

Foremost, she would like to thank Allah Almighty for giving the strength to finish this thesis. Without His blessings, she would not be able to accomplish her study.

She would like to express her deepest gratitude to her advisers, Prof. Dr. Sri Minda Murni, MS and Dr. I Wayan Dirgayasa, M.Hum for their full support, expert guidance, understanding and encouragement throughout her research. Without their incredible patience and timely wisdom, her thesis work would have been a frustrating and overwhelming pursuit. In addition, she expresses her appreciation to her reviewers, Prof. Dr. Busmin Gurning, M.Pd, Dr. Zainuddin, M.Hum, and Dr. Anni Holila Pulungan, M.Hum. Their thoughtful questions and comments were valued greatly.

She would like to thank her mother for her endless prayers and support and for believing her that she was able to handle the problems she faced throughout the writing of this thesis. She would also like to thank her parents-in-law for their support and taking care of the kids while she was busy with her study.

She would also like to show her gratitude for having such a supportive husband, Muhammad Herwin. He is always there for helping and supporting her and gives her his endless love. She would also like to thank her beloved sons,

Muhammad Rafif Izzat and Muhammad Azka Habibi for always hugging and kissing her when she was down throughout the time of her study.

She would also like to express how grateful she is for having supportive sisters and brother. They always help her whenever she needs and show her the meaning of having the truly siblings.

Finally, she would also like to thank her friends in LTBI especially class A2 2012 for sharing experience and knowledge. The moments shared with them will not be forgotten
