

## CHAPTER V

### CONCLUSION AND SUGGESTION

#### A. Conclusion

Based on the research finding, the researcher concludes that there is significant effect of POW+TREE Strategy on students' ability in writing hortatory exposition text. It is indicated by the fact that the calculation of t-test at the level significance;  $t_{\text{observed}}$  (2.338) is higher than  $t_{\text{table}}$  (1.994),  $\alpha = 0.05$ .

#### B. Suggestion

In the relation to the conclusion above, the researcher points out some suggestion as following:

1. The English teacher are suggested to apply POW+TREE strategy in teaching hortatory exposition text as the alternative in teaching learning process because is proved effective to improve writing ability.
2. Since the research is limited to the investigation of the POW+TREE strategy on writing and how the POW+TREE strategy can be developed in not known, it is suggested that a research should be done in writing development.
