

LIST OF TABLE

Table 2.1.	Stages Model PBL	20
Table 2.2.	Examples of Acid	22
Table 2.3.	Examples Bases	23
Table 2.4.	Table Acid-Base Conjugation	24
Table 2.5.	Price K_w water in different temperatures	26
Table 2.6.	Universal Indicator color	31
Table 3.1.	Research design	34
Table 3.2.	Classification of Content Validity Analysis	35
Table 3.3.	Validity Criteria Analysis Average Value	43
Table 4.1.	The results of the questionnaire assessment of students based on eligibility student worksheet (LKS) content by Chemistry Teacher ratings	47
Table 4.2.	The result of the questionnaire student worksheet (LKS) based on the language to feasibility assessment chemistry Teacher	49
Table 4.3.	The results of the questionnaire student worksheets based on the merits presentation by rating Chemistry Teacher	51
Table 4.4.	The results of the questionnaire based on a assessment module graphic judgment Chemistry Teacher	53
Table 4.5.	The results of the questionnaire based on a feasibility assessment LKS content by votes Lecturer Chemistry and Chemistry Teacher	57
Table 4.6.	The results of the questionnaire based on the feasibility language LKS votes by rating Lecturer of Chemistry and Chemistry Teacher	59
Table 4.7.	The questionnaire results LKS ratings based feasibility presentation by rating Lecturer of Chemistry and Chemistry Teacher	61

Table 4.8. The questionnaire results LKS ratings based eligibility feasibility graphic by rating Lecturer of Chemistry and Chemistry Teacher	63
Table 4.9. Range End Validation of Innovative student worksheet	65
Table 4.10. The Result Achievement average pre-test and post-test	67
Table 4.11. Results Acquisition Gain Average Experiment and Control	68
Table 4.12. Normality Test Data Pre-Test and Post-Test	69
Table 4.13. Homogeneity Test Data Pre-Test and Post-Test	70
Table 4.14. Result Hypothesis Test	70
Table 4.15. Percentage Improved Learning Outcomes	71
