

CHAPTER V

CONCLUSIONS AND SUGGESTIONS

A. Conclusions

After analyzing the data, it can be concluded that:

1. The types of Speech Function which used by the members of *Persma Bimed* group are Statement (S), Acknowledge Statement (AS), Question (Q), Response Statement to Question (RSQ), Command (C) and Response Offer to Command (ROC). There are no Offer (O) and Acknowledge Offer (AO) which used by the members of *Persma Bimed*.
2. The structures (patterns) of interaction in exchanging Information which used by the members of *Persma Bimed* group are $k1 \wedge k2f$, $k1 \wedge k2f \wedge k1f$, $k2 \wedge k1$, $k2 \wedge k1 \wedge k2f$ and exchanging action is $a2 \wedge a1$. And there is dynamics of exchange which found in the conversations, it is $cl \wedge rcl$.

B. Suggestions

By considering the research findings and the conclusions, there are some suggestions which are stated in the following:

1. For the students of English Department should learn and know how to communicate by realizing and exposing the function of the speech and the structure of interaction especially in exchanging informations or services.

2. For others researcher, to analyze the types of Speech function and Move of conversation, the theory of Speech Function and Move can be implemented.
