

ACKNOWLEDGEMENT

First and foremost, praise and thanks to Allah SWT for all the graces and blessings, knowledge, and opportunity to the author that she finally able to accomplish her thesis. The writer express her gratitude towards all that had assisted her in the process of completing this thesis titled Analysis of Students' Learning Difficulty in Studying Nervous System in Class XI SMAN 1 Lubuk Pakam.

On this occasion the author would like to present deep gratitude and forever indebted to her beloved parents, her father H. Khoirum Rijal. ST, MAP and her mother Hj. Ema Elpiani S.Sos, for their full support, encouragement, and, for always believing in the author and her ability, for the nonstop prayer, and for the huge love, enormous patience, and understanding. The author can not ask for a better parents than them. And also to the only sister, Dwina Elfika Putri for all the support and for always reminding the author to be a better adult. Also thanks for the late grandma Hj. Syamsiah for the love and support, always believing in her and never doubted her.

The writer deeply acknowledge gratitude to Dr. Hasruddin, M. Pd as the thesis supervisor and the head of Biology Department who had been generously supervising and spending his precious time in giving guidance, suggestions, encouragement until this thesis come to its present form. The enourmous appreciation is adressed to Dr. Fauziyah Harahap, M.Si, Dr. Melva Silitonga, MS. and Endang Sulistyarini Gultom, S.Si, M.Si, Apt as the examiners that had given constructive criticisms and valuable advices to be included in this thesis. Also thanks to her academic counselor, Mr. Syarifuddin, M.Sc, Ph.D for his generosity and support. The writer also would like to thank Dr. Iis Siti Jahro, M. Si as the coordinator of Bilingual Program, to Mr. Jamaret Hasugian for all his great administrative assistance, and all of the lecturers of the Biology Bilingual Education Program who had taught her in her academic years.

Special thanks are extended to the headmaster of SMAN 1 Lubuk Pakam, Drs. Ramli Siregar M.Si, also to the vice headmaster and Biology teacher,

Jamiatun Nur Simbolon, and all the teachers in SMAN 1 Lubuk Pakam that had helped the author during the research for the completion of this thesis. Special thanks for the friends in ABM Perbaungan, Rikcy Almeda, Sheila Khairuna Pulungan, Chairany Rizka, Anggi Paramita Daulay, Cici Purnama Sari, Wulida Dinil Arifah, Fery Surya Perdana and Jovan Sitinjak, for their encouragement, support, prayer, and laughter. Thanks were also delivered to all my friends in Bilingual Biology Class 2010 who have helped and gave supported to author. Also thanks to her school friend in P3K, Indah Cacing, Fahmi Tapir, Uni, Bobby, Tamitemot, Sai, and Zki who always gives the author strength, support, and joy. Also special thanks to Ilda Pohan, Ade Ine, and Indah Koto for the company, the stories, the shared experience, encouragement, and the happiness. The author also give the big thanks to Rikcy Almeda and Sheila Khairuna Pulungan that has helped and taught the author so much, and to support the author so much, without them it will be very hard for the author to finish the thesis. Last but not least thank you for Rony Fhebrian that always be the best of friend, for be the best company in the time of hardship and give strength to the author to finish the thesis. Thanks to all the people, who the name had not been mentioned yet, that had helped and supported the author in any other way.

The author has endeavored to as much as possible in completing this thesis, but the author is aware there are many drawbacks in terms of both content and grammar, then the authors welcome any suggestions and constructive criticism from readers for this thesis perfectly. The author hopes the contents of this paper would be beneficial to contribute ideas in education..
