

LIST OF FIGURE

Figure 3.1. Research Design of Development of learning Material using multimedia In Buffer solution	26
Figure 3.2. The overview of development on innovative chemistry learning material, and implementation of learning material	28
Figure 3.3. Trial and Implementation procedure of innovative learning Material to the students	32
Figure 4.1. Cover view of e-book of learning material in buffer solution	46
Figure 4.2. Display of thee chapter and concept map	46
Figure 4.3. E-book display of interactive learning subject with macromedia flash	47
