

## LIST OF APPENDIX

|            |  | Halaman |
|------------|--|---------|
| Appendix 1 | Syllabi of chemistry lesson  | 42      |
| Appendix 2 | standard of textbook evaluate  | 53      |
| Appendix 3 | instrument test of validation based on BNSP<br>Feasibility of evaluation the development of chemistry<br>module with integration of Islamic values on chemistry<br>of element            | 54      |
| appendix 4 | instrument test of validation Islamic values<br>Feasibility of evaluation the development of chemistry<br>module with integration of Islamic values on chemistry<br>of element           | 74      |
| Appendix 5 | instrument test of validation based on BNSP<br>Feasibility of evaluation the development of chemistry<br>module with integration of Islamic values on chemistry<br>of element (Lecture)  | 76      |
| appendix 6 | instrument test of validation Islamic values<br>Feasibility of evaluation the development of chemistry<br>module with integration of Islamic values on chemistry<br>of element (Lecture) | 84      |
| Appendix 7 | instrument test of validation based on BNSP<br>Feasibility of evaluation the development of chemistry<br>module with integration of Islamic values on chemistry<br>of element (Teacher)  | 87      |
| Appendix 8 | instrument test of validation Islamic values<br>Feasibility of evaluation the development of chemistry<br>module with integration of Islamic values on chemistry<br>of element (Teacher) | 95      |
| Appendix 9 | instrument test of validation Islamic values<br>Feasibility of evaluation the development of chemistry<br>module with integration of Islamic values on chemistry<br>of element (Student) | 98      |
