

CHAPTER V

CONCLUSION AND SUGGESTION

A. Conclusion

Based on the reserch findings, it can be concluded that :

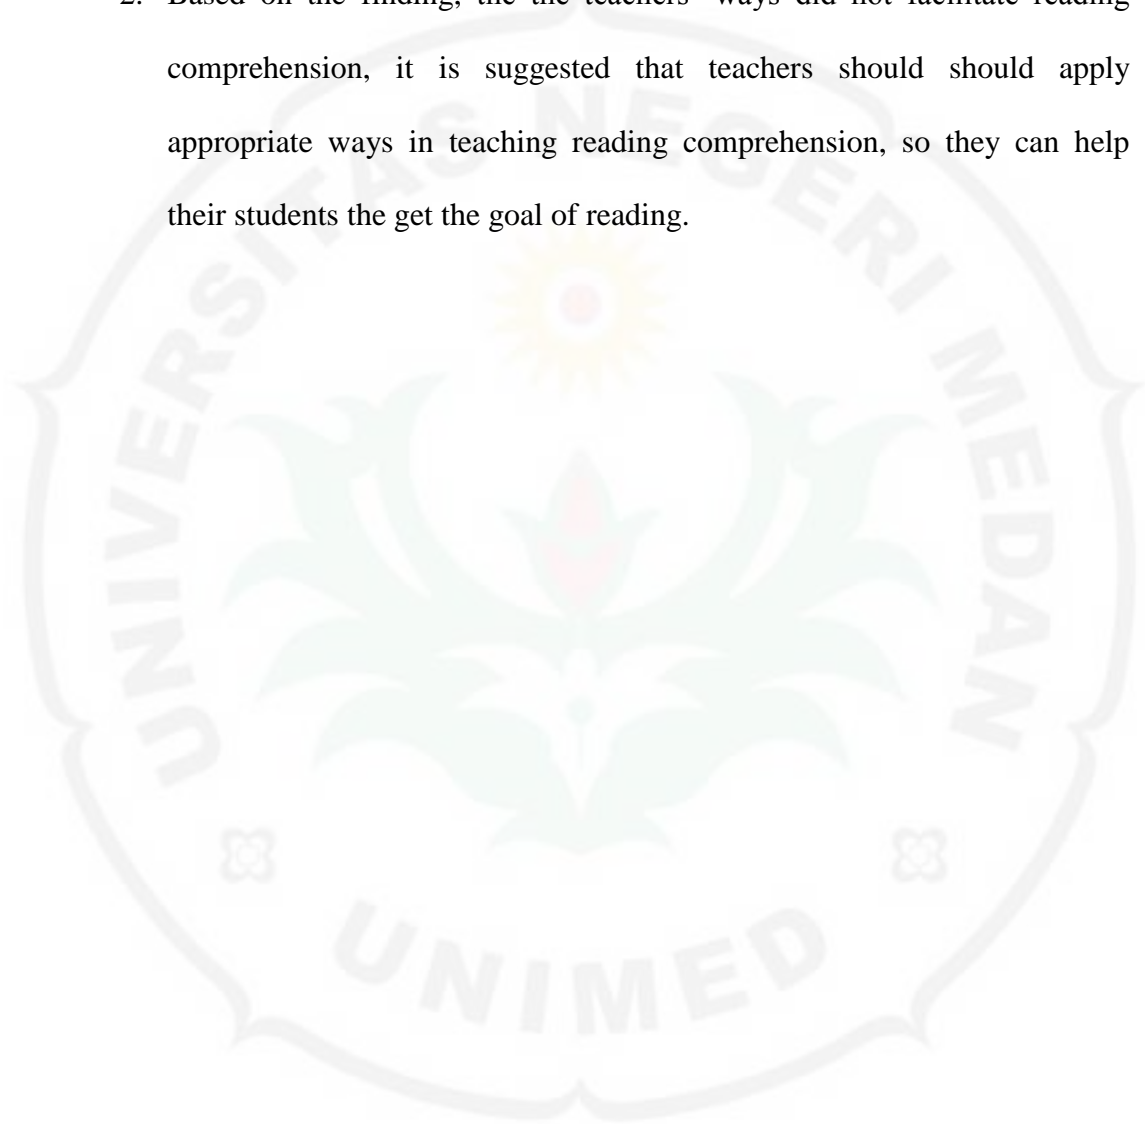

1. There are 17 main ways performed by the teachers in teaching reading comprehension. The ways performed by the teachers are not yet focused on enabling the students to be an independent or skillful reader. Most of the ways are directed the students to know genre rather than to facilitate comprehension for the students.
2. All the underlying reasons of the teachers' ways in teaching reading comprehension are not able develop the students' ability to comprehend an analytical exposition text.

B. Suggestions

Based on the findings and conclusion of this research, the following suggestions are given as follows:

1. The research findings showed that most of the teachers ways which is supposed to be focused on teaching reading comprehension instead of teaching genre knowledge, it is suggested that the teachers should know how to teach reading comprehension of analytical exposition in order to make their students have a deep comprehension in reading the analytical exposition text

2. Based on the finding, the the teachers' ways did not facilitate reading comprehension, it is suggested that teachers should should apply appropriate ways in teaching reading comprehension, so they can help their students the get the goal of reading.
