

LIST OF TABLES

		Pages
Table 2.1	Differences in Learning with Teacher Centre and Student Centered	15
Table 2.2	Syntax of Problem Based Learning	19
Table 2.3	The Syntax of Realistic Mathematics Education	25
Table 3.1	Scoring Capabilities of Problem Solving	39
Table 3.2	The Quasi-experimental Study Design	41
Table 4.1	Data Post-test of Students' Mathematics Problem Solving Ability of Class A and Class B	47
Table 4.2	Data Post-test of student's mathematics Problem Solving Ability of class A and class B	48
Table 4.3	Result of Normality Data Posttest ia Class A and Class B	48
Table 4.4	Result of Homogeneity Test of Data Post test in class A and class B	49
Table 4.5	Hypotheses Test of Students' Mathematical Problem solving Ability	49
Table 4.6	Table of Mean Score of Students' Mathematical Problem Solving Ability Test in Both of Experimental Classes	51
