

## ACKNOWLEDGEMENT

First of all the writer would like to express her deepest gratitude to Allah SWT, the Almighty God who has been sending a great blessing, opportunity and strength to the writer in accomplishing this thesis which entitled: Development of Learning Media of Sort Card with Student Worksheet in the Topic of Animal Classification for grade VII of SMP student. This thesis is aimed to fulfill one of the requirements for the degree of Sarjana Pendidikan of the Biology Department, Faculty of Mathematic and Natural Science, State University of Medan.

The writer realize while completing this thesis she faced some problems and she had received the academic guidance, suggestion, comments, and got a lot of assistance and moral support from others. Many people have helped me during the writing this thesis and it would be impossible to mention all of them. Therefore, the writer would like to express her gratitude and special thanks to:

1. **Prof. Dr. Syawal Gultom, M.Pd.**, the Rector of State University of Medan.
2. **Dr. Asrin Lubis, M.Pd.**, the Dean of Faculty of Mathematics and Natural Science, State University of Medan.
3. **Dr. Hasruddin, M.Pd.**, the Head of Biology Department.
4. **Dra. Cicik Suriani, M.Si.**, the Head of Biology Education Study Program and her Academic Advisor, who has supported her throughout the academic years.
5. **Dr. Iis Siti Jahro, M.Si.**, the Coordinator of Bilingual Program
6. **Nora Susanti, M.Sc, Apt.**, the Coordinator Secretary of Bilingual Program, who gives encouragement and motivation during the last semester in completing this thesis.
7. **Drs. Zulkifli Simatupang, M.Pd.**, her thesis advisor, who has given his valuable advice, guidance and spent his precious time in the process of completing this thesis.
8. **Dr. Hasruddin, M.Pd.**, as the first examiner, **Dr. Melva Silitonga, M.S.**, as the second examiner, and **Dra. Martina Asiati Napitupulu, M.Sc.**, as the third examiner, who had given their valuable advices, critics, and constructive comments during finishing this thesis.
9. **Dr. Elly Djulia, M.Pd.**, and **Drs. Puji Prastowo, M.Si.**, as the expert reviewer who give their valuable comments and suggestions during consultation.

10. **Jublana Siagian, S.Pd., and Hotnauli Sinaga, S.Si.**, the science teacher of SMP Negeri 10 Medan, for the assistance, guidance, suggestion, and comments in the process of completing this thesis.
11. Her beloved parents, **Riswan Tarigan** and **Nulhelmi Ginting, S.Pd.**, for their financial support, and fully motivation. Her lovely sister and brother, **Maulidia Rismi Tarigan, S.Pd.**, and **Muhammad Ali Marwan Tarigan**, and all her families for their endless love, pray, inspiration, motivation, that they have given to the writer.
12. Her beyond friends in **Biology Education Study Program 2012**, especially for **Putri Dian Hamian, S.Pd.**, and **Naimatussyifa Daulay, S.Pd.**, for the love and togetherness throughout four years; her friends in **PPLT SMA N 2 Kisaran 2015** for many experiences and togetherness.
13. Her family in **UKM Pers Mahasiswa Kreatif**, especially for (**Tim Taka**) **Sandy Armando Syahputra, Putri Widya, and Tirta Geoctavya Aritonang**, for their motivation, helps, and great experiences during her college year.
14. Her family in **PIK-M Sahabat (Counseling Center of Medan State University)** for the great experience during college.
15. Her very kind hearted 21<sup>st</sup> of June team **Tommy Hans Sinaga** and **Nisrina**, to their endless support in last six months in completing this thesis.

The writer realizes that this thesis still has the paucity; he conveniently welcomes any suggestions, comments, critics, and advices that will improve the quality of this thesis. She hopes that this thesis would be useful for those who are read and interested in the field of this study.

Medan, July 2017
