

## CHAPTER V

### CONCLUSIONS AND SUGGESTIONS

#### A. Conclusions

The students of multimedia program needed the English reading materials are appropriate to their study program. After analyzing the data, it was concluded that:

1. Based on the need analysis from the questionnaire and the interview, it was concluded that the students of multimedia program in Grade XI At SMK Swasta Darussalam Medan need the appropriate reading materials particularly procedure text about “ How to Make The Pictures, How to Create a 2d Character Animation and How to Maintain The Video Camera” in order to increase their knowledge about the use of multimedia equipment and also can support their job in the future
2. The new reading materials were developed by using six phases of Research and Developmental (R & D), they were; 1) Gathering Information and data, 2) Analyzing Data, 3) Designing Materials, 4) Validating by Experts, 5) Revisng, and 6) Final Product. The materials were developed based on the data of the students’ needs analysis the questionnaire , the analysis of interview from the English teachers and the existing materials.

## **B. Suggestions**

### **1. Teacher**

In teaching, teacher should consider the students' needs in choosing the learning materials. The learning process can be successful if the teacher can give the materials related to the students' program and also The teacher can apply "English for Specific Purposes" approach to apply in teaching English.

### **2. Students**

Students can find the materials related to their study program from the internet and the books, if the existing materials provided are not appropriate to multimedia program.

### **3. Institution**

In order to provide the appropriate English reading materials, the product of this study can be selected before using in the school especially for students of multimedia program.
