Boinah, 7113341006. Pengaruh Media Pembelajaran *Information And Communication Technology* Terhadap Hasil Belajar Ekonomi Siswa Kelas X SMA Swasta Widiya Dharma T.P 2014/2015, Skripsi. Jurusan Pendidikan Ekonomi, Program Studi Pendidikan Ekonomi. Fakultas Ekonomi. Universitas Negeri Medan, Tahun 2015.

Masalah dalam penelitian ini adalah rendahnya hasil belajar ekonomi siswa kelas X SMA Swasta Widiya Dharma. Penelitian ini bertujuan untuk mengetahui pengaruh media pembelajaran *Information And Communication Technology* Terhadap Hasil Belajar Ekonomi Siswa Kelas X SMA Swasta Widiya Dharma T.P 2014/2015

Populasi dalam penelitian ini adalah kelas X SMA Swasta Widiya Dharma. Terdiri dari 2 kelas dengan jumlah 80 siswa. X-1 berjumlah 40 siswa sebagai kelas eksperimen dan diajarkan dengan media pembelajaran *Information And Communication Technology*. X-2 berjumlah 40 siswa sebagai kelas kontrol dan diajarkan dengan metode konvensional. Alat yang digunakan untuk mengumpulkan data observasi dan tes yang berbentuk pilihan berganda untuk soal pre test dan post test.

Dari analisis data, kelas eksperimen yang diajarkan dengan media pembelajaran *Information And Communication Technology* pre test $\bar{X} = 43,25$; SD 14,754 dan post test $\bar{X} = 80,75$; SD 9,971. Sedangkan kelas kontrol yang diajarkan dengan metode konvensional pre test $\bar{X} = 41,625$; SD 13,56 dan post test $\bar{X} = 71,75$; SD 9,5. Untuk harga $t_{tabel\alpha} = 0,05$ dan dk 78 diperoleh 2,018. Karena pengujian hipotesis dalam tabel penelitian ini menggunakan uji t diketahui $t_{hitung} = 9,125$ sehingga $t_{hitung} > t_{tabel}$, dalam kasus ini terdapat pengaruh yang positif dan signifikan antara media pembelajaran *Information And Communication Technology* terhadap hasil belajar ekonomi siswa kelas X SMA Swasta Widiya Dharma T.P 2014/2015.

Kata Kunci : Media Pembelajaran Teknologi Informasi Dan Komunikasi, Hasil Belajar

ABSTRACT

Boinah, 7113341006. The Effect of Information And Communication Technology Media to the Students Achievement In Economic Learning At Private SMA Widiya Dharma in Academic Year 2014/2015, Skripsi. Economy Education Department, Economy Education Study Program. Economy Faculty. State University Of Medan, Year 2015. State University Of Medan 2015.

Problems in this study is the low economics learning outcomes of students of class X of Private SMA Widiya Dharma. The aim of this observation is to know the effect of Information And Communication Technology as the Media Learning to the student's achievement of Private SMA Widiya Dharma in Academic Year 2014/2015.

The population is the first year students' of Private SMA Widiya Dharma. There are 2 classes whith 80 students'. X-1 consist of 40 student's as the experiment class and it is taught by Information And Communication Technology Media Learning. X-2 consist of 40 student's as the control class and it is taught by conventional learning. The media that used to collect the data are observation sheet and multiple choice in pre test and post test.

From the data analysis, the experiment class that taught by Information And Communication Technology Media Learning got pre test $\bar{X} = 43,25$; SD 14,754 and post test $\bar{X} = 80,75$; SD 9,971. While in the control class that taught by conventional method got the pre test $\bar{X} = 41,625$; SD 13,56 and post test $\bar{X} = 71,75$; SD 9,5. With the $t_{tabel}\alpha = 0,05$ and dk 78 got 2,018. Because of the hypothesis test in the table observation used test t with 2 sides. Known $t_{hitung} = 9,125$ so $t_{hitung} > t_{tabel}$. In this case, there are positive effects and significances between Information And Communication TechnologyMedia Learning to the students achievement in economy learning inthe X grade at Private SMA Widiya Dharma in Academic Year 2014/2015.

Key Word: Information And Communication Technology, Students' Achievement
