## ACKNOWLEDGMENTS

Praise be to Allah, the “Almighty” the “Most Merciful” and the “Beneficial” for everything that has been given to the writer in completing his thesis as one of the requirements to obtain the degree of Magister Humaniora of the English Applied Linguistics Study Program, State University of Medan.

This study would have never been completed without the support and assistance of many people. Due to the long list of names, which would not possible to mention all, he deserves his special gratitude to some of them.

First, Dr. Busmin Gurning, M.Pd., his first adviser, for his ideas, criticisms, suggestions, and corrections in completing this thesis.

Second, Prof. Tina Mariany Arifin, M.A., Ph.D., his second adviser and Head of the English Applied Linguistics Study Program, whose advice, encouragement, guidance, suggestions, and criticisms have been a feature of the writing process from the very beginning of the academic piece of work until at last this thesis appears in its present form.

His very most sincere gratitude is directed to his beloved father, DR. Syech Salman Daim and mother, Rohani Silalahi and all his families who have supported him during his study and in the process of writing his thesis. .

Finally, his great thankfulness goes to his best friends who have contributed a great deal to the improvement of his English they are ; Rosmita Ambarita, Dr Mahfuzah Mahidin, S.p KK, Aidil Fitri, Zulham and also all his classmates..

Last but not least, due to the many problems faced and the realization that it is very difficult to write a good thesis, he confesses that this thesis is still far from being perfect, therefore, any suggestions and criticisms for its improvement is warmly welcomed.

May Allah Guide Us!
