

PREFACE

First of all, the author is grateful to Jesus Christ for His love, blessing and chance for me to finish the study and complete the thesis entitled “The Implementation of Problem Based Learning with Open-ended Approach to Improve The Mathematical Creative Thinking Ability in SMP Negeri 1 Sipahutar”. The authors recognize that the completion of this thesis thanks to the help of the moral and material from various parties.

The author’s special sincerest thanks is expressed to Mr. Prof. Dr. Bornok Sinaga M.Pd as his thesis supervisor for his advices, encouragements, suggestions and knowledge that have been contributed to help the author in compiling this thesis so that this thesis could be finished. Then author also say thanks to Mr. Prof. Dr. Muhktar, M.Pd as his academic supervisor for his advices, suggestion, motivations from beginning until finishing the study. The author’s special thanks are also given to Mr. Prof. Dr. Asmin, M.Pd, , Mr. Dr. W Rajagukguk, M.Pd, and Mrs. Dr. Ani Minarni, M.Si as examiners for their willingness to correct, giving advices, encouragements, suggestions and knowledge that have been contributed to help the author in compiling this thesis. The author also give thanks to Mr. Prof. Dr. Syawal Gultom, M.Pd as the Rector of State University of Medan, Mr. Prof. Dr. Asrin Lubis, M.Pd, as the Dean of Faculty of Mathematics and Natural Sciences, Mr. Dr. Edy Surya, M.Si as the Head of Mathematics Department, Mr. Drs. Yasifati Hia, M.Si as the Secretary of Mathematics Department and Mrs. Dr. Iis Siti Jahro, M.Si as the Coordinator of Bilingual Program for all the valuable guidance and contribution to complete this thesis. Big thanks for all the lecturers of Mathematics Department and all administrative staff at the faculty, department, and bilingual program for their guidance and administrative assistance given. Then, also give thanks to Mr. Sehat Tampubolon, S.Pd as Headmaster of SMP Negeri 1 Sipahutar, Mr. Paber Oloan Parapat, S.Pd as Teacher at SMP Negeri 1 Sipahutar and also all of teachers and staff in SMP Negeri 1 Sipahutar who help author in doing and finishing the research.

This thesis can't be compiled well without the everlasting love and pray from author's beloved parents Kloster Simanjutak and Diana Tampubolon (MAULIATE MA BAPA UMA), also for authors's beloved brothers and sister for their support, motivation, material and pray so that author can face the problem during his academic year at the university. Big thanks for family of BilMath 2013: Kristin, Fikri, Pinta, Betrix, Sarah, Nova, Ririn, Anggi, and for Princess 113: Wenly, Nova, and sista Martha for all support and togetherness during first semester until eight semester. For Yohana Gultom as my partner as long as guidance until now, thank you for your lucky spread for me. For someone that i don't know where you are and who you are, thank you for help me in doing chapter IV. Finally, the author realize that there are also many weakness and insufficiency in this thesis, for that author hopes suggestion and critic in making this thesis to be better. Author also hopes this thesis will give advantage for reader and the world of education.
