

## CHAPTER V

### CONCLUSION AND SUGGESTION

#### A. Conclusion

After the analyzing the data, conclusion are listed as the following.

1. Raditya Dika's utterances in stand up comedy show involved statement, question, command and offer in his material. Event from all those fourth videos didn't filled the offer element like in the fourth video, where there were no command or any offer inside of it. There were 167 utterances consist of 109 statement, 29 question, 13 command and 16 offer. As the result in the first video, 39 utterances related to the statement, 18 utterances related to the question, 9 utterances related to the command and 8 utterances related to the offer. In the second video, 22 utterances dealt with statement, one utterance dealt with question, 3 utterances dealt with command and 4 utterances dealt with offer. In the third video, 27 utterances belong to the statement, 7 utterances dealt with question, one utterance dealt with command and 4 utterances dealt with offer. In the fourth video, there were 21 utterances related to the statement, 3 utterances dealt with question and has no command or offer.
2. Raditya dika's speech realized speech function inside of it. The speech function find their realizations in Mood which is an aspect of

interpersonal meaning at the level of lexicogrammar. The basic or proto speech function of statement, question and command are realized or expressed by declarative, interrogative, and imperative moods respectively. The speech function of offer does not have an unmarked representation of mood.

3. Raditya Dika's speech used the term of speech function in his language to make easy the communication. Cause language convey messages that include meaning. Those utterances also use language to interact with other people, to establish and maintain relations with them, to influences their behavior, to express our own viewpoint on things in the world, and to elicit or change them.

## **B. Suggestions**

In relation to the conclusion, suggestion are staged as the following.

1. The result of the research are suggested to be use as the references for the researches who will conduct the same research using speech function theory or combination theories to enrich the heterogenities and variances of literary work.
2. Speech function is suggested to be used as a material of the study in class that examines in every field of context.

3. In addition, the value of language is used in human life. The linguistic such speech function term are very applicable to be used in analyzing the more complexity language in human daily life.
