

ACKNOWLEDGEMENTS

It has almost been two and a-half years of the completion of this thesis where stumbling block in hard times now overcome. I would like to express my deep gratitude to Professor Dr. Busmin Gurning, M.Pd and Dr. Rahmad Husein, M.Ed, my first and second research supervisors, for their patient guidance, enthusiastic encouragement and fruitful critiques, repairs, suggestions and corrections of this research work. I would also like to thank Dr. Didik Santoso, MPd, my reviewer, for his insights in the writing of the last two chapters. My grateful thanks are also extended to Dr. Anni Holila Pulungan, M.Hum, my second reviewer, for her minutely proof-reading, to Professor Dr. Sri Minda Murni, MS, who is always there to assist me in correcting this project during the process of completion.

I would also like to give my special thanks to my wife, Munawwarah, who always give me whole support until the completion of this thesis. Other person of importance where my special thank goes is to Akhrif Yahsa Spd.I, M.Hum who always assist me edit my thesis.

Finally, I wish to thank my parents for their support and encouragement throughout my study.
