CHAPTER V

CONCLUSIONS AND SUGGESTIONS

5.1. Conclusions

After analyzing the data, conclusions are drawn as the following:

1. Teaching in different major as in the Informatics Management and Computer Academy is a hard work to the lecturer because they have to master not only English but also a little about computer knowledge

2. Need analysis is the primary point in teaching.

3. Language skills which are needed by the students of Informatics Management and Computer Academy are speaking and reading.

4. ESP materials is very important to be taught because it can improve English ability and it can also support the students' computer knowledge.

5. ESP materials must be actual issues related to computer knowledge in order there is a stimulus for the students to learn English.

5.2. Suggestion

1. Teaching in Informatics Management and Computer Academy should apply ESP.

2. To achieve the effective teaching learning process especially in the teaching of ESP, need analysis of the students are absolutely needed.

3. ESP materials should be actual issues to computer knowledge in order to stimulate the students' attention to study English.
