

ACKNOWLEDGEMENT

In the name of ALLAH, the Most Gracious and the Most Merciful.

The deepest thank and praise the writer prayed to Allah for blessing hence researcher was able to finish this thesis with title “The Influence of Student Learning Style On Higher Order Thinking Skill (HOTS) of Cell Structure And Function Topic In Grade XI Science SMAN 1 Lubuk Pakam with Academic Year 2017/2018” to fulfill one of the requirement for getting degree of sarjana pendidikan in Biology Department, Faculty of Mathematic and Natural Science, State University of Medan.

Gratefully acknowledges gratitude to Mr. Dr. Hasruddin, M.Pd as my thesis supervisor who has generously spent precious time in giving the guidance, encouragement, comments, suggestions, and support until this thesis comes true. The great appreciation is addressed to Mrs. Dr.Ely Djulia,M.Pd., Mrs. Dr.Widya Arwita,M.Pd., and Mrs. Selvia Dewi Pohan S.Si.,M.Si as the thesis examiners for their advices, criticisms, constructive comments, and valuable in completing this thesis.

I would like to express my appreciation to the Dean, Faculty of Mathematic and Natural Science, Mrs. Dr. Martina Restuati, M.Si, to Head of Biology Departement, Mr. Dr. Hasruddin, M.Pd, to Head of Biology Education, Mrs. Dra. Cicik Suryani, M.Si, to Coordinator of Bilingual Program, Mrs. Dr. Iis Siti Jahro, M.Si for their support and help towards my undergraduate affairs.

I also thank the headmaster of SMAN 1 Lubuk Pakam, Drs. Ramli Siregar and the biology teacher as guide during research, Dra. Jamiatun Nur Simbolon, M.Si and office staffs and especially the students in grade XI Science SMA Lubuk Pakam who participated in filling out the questionnaire and test instruments from my research.

My deepest gratitude and big appreciation to beloved parents, Alm.Sahdan Pohan and Taru Nesti Siregar, for the endless love, unfailing support, greatest

prayer, encouragement throughout the entire life and also to my brother and sisters family that always give me guide to process of my data research until now.

Sincerely thanks to all my lovely friends Gita Trianggita, Merlina Sinaga and Dicky Mahaputra who always gives amazing spirit. For my classmate Bilingual Biology 2014 that give more information during my research and support for my thesis until now.

May God reward all those who have contributed in the completed of this thesis. Finally, I hoped this thesis would be beneficial to contributed ideas in education, be useful especially for students and teacher of SMAN 1 Lubuk Pakam. Then, i realized that this thesis is still far from being perfect. Therefore, constructive comments and suggestion are needed for further improvement of this thesis.
