

CHAPTER V

CONCLUSIONS AND SUGGESTIONS

A. CONCLUSION

1. The writer concludes that there are 72 slang word in *Cot Dogol* Movie.

The writer analyzed and classified the type of slang word however not all the types of slang word occur in the data analysis. From the eleven types there only only three types of slang word that occur in *Cot Dogol* Movie.

Those are public house slang (4), women's slang (17) and the last is society slang (51).

2. Based on Yule there are ten way to process slang word linguistically. But only seven ways found in *Cot Dogol* Movie Those are coinage, borrowing, compounding, blending, clipping, conversion, and last is multiple process, there are seven process happend in *Cot Dogol* Movie, and coinage is the dominant process in this movie.

3. The reason for the society become dominant type in *Cot Dogol* Movie is because Holmes (2013) said society slang is consider about Slang in society, and this movie used a casual speech form that usually used in society.

B. SUGGESTION

Based on the result of this study, the writer likes to give suggestion dealing with slang words as follows.

1. The writer suggest to the director of the movie to keep all the types of slang words in a movie.
2. It's also suggest to the director of the movie to relate slang words linguistically.
3. For the next researcher should be choose a comedy movie in the different background to analyze more slang words
