

CHAPTER V

CONCLUSION AND SUGGESTION

Based on the results and analysis of the research, some conclusion and suggestions are described as follows:

A. Conclusion

1. Based on need analysis from the questionnaire and the interview, it was concluded that the students of Hotel Accommodation study program in Grade X at SMK N 13 needed the appropriate English Speaking materials. From the results of needs analysis, the students' purpose of learning English was to get the job based on their vocational program. Therefore, they need a learning topic which was relevant to their vocational program that is Hotel Accommodation study program. The speaking materials needed by the students were relevant with the topics or contents used in the course book and useful in the work situation are: Welcome to Grand Aston Hotel (introducing), Handling Reservation, and Handling Guest Complaint.
2. The designing of the speaking materials used Contextual Teaching Learning, the structure of the materials in each unit follow the principle of Contextual Teaching Learning; they were relating, experiencing, applying, cooperating and transferring. The contents encourage students to practice by doing role-playing and creating so that the students can improve their speaking ability. Moreover, the score of validation from the first validator was 4.8 or 97% and it categorized as relevant and the score of validation from the second validator was 4.6 or 94% and it also categorized as relevant. In means that the materials

were valid and appropriate to use as learning materials for students of Hotel Accommodation for Grade X at SMK N 13 Medan.

B. Suggestions

1. Suggestion to the Grade X Students of Hotel Accommodation.

Being vocational school students, they are expected to be more ready to face up the fields of work instead of the high school students. The developed materials provide the students with activities that can help the students to improve their speaking. However, the students must be active when they are doing the activities. Do not be afraid to practice their speaking with other classmates. It is also suggested to the students that they can find the materials related to their study program from internet and the other books, if the existing materials provided are not appropriate to Hotel Accommodation Study Program.

2. Suggestion to English teachers

Even though the materials provide the students with many speaking activities, it is important for the teacher to guide the students when they are doing the activities, encourage them to do the group work activities. It is important for teacher to facilitate the students with appropriate materials that consider their characteristics and needs in learning English. It is also suggested that the English teacher of vocational high school be more responsive with the needs of the students.

3. Suggestion to other researchers.

The other researcher are expected to be able to developed an English learning materials, especially speaking skill for other study program which have the problem with the availability of appropriate English learning materials. They expected to find other characteristic of the appropriate learning materials based on students' need, especially in designing English speaking materials.
