

## ABSTRACT

**Tamara, Nithyastri . Registration Number: 2143121026. Developing Media By Using Stop Motion Video for Teaching Speaking of Descriptive Text. A Thesis. English and Literature Department. Faculty of Languages and Arts. State University of Medan, 2019.**

This research was aimed to develop appropriate, interesting and attractive speaking media in teaching descriptive text for seventh grade students of SMK RAKSANA 2 MEDAN. Due to the result in the form of product, this study was categorized as Research and Development (R & D) study which adapted from Gall, Borg and Gall (2003) theory with some modifications. The subject of this study was the tenth grade students of SMK RAKSANA 2 MEDAN. In conducting this research, the procedures were conducting the need analysis, planning, designing the first draft of media, revising the media, and producing the final product as the stop motion video. The instruments of collecting data were the combination of two strategies; interview and questionnaires. The interview result was analyzed as qualitative data and the questionnaires analyzed as quantitative data. These data were needs of students covering target needs and learning needs. This study developed speaking media which only focused on descriptive text taught in the odd semester. These media was based on Curriculum 2013.
