

LIST OF TABLES

Table 2.1. Syntax Learning Model of Scientific Inquiry	16
Table 2.2. Components and Indicators SPS	19
Table 2.3. Syntax Direct Teaching Model	20
Table 2.4. Learning Based Conventional Laboratory and Virtual Laboratory	23
Table 3.1. Research Design	34
Table 3.2. The Breakdown of Lattice Students' Science Skills	36
Table 3.3. Assessment Criteria	37
Table 3.4. Rubik Science Skills Assessment	38
Table 4.1. Data of Pretest Students' Science Process Skill for Experiment and Control Class	44
Table 4.2. Data of Posttest Students' Science Process Skill for Experiment and Control Class	45
Table 4.3. The Recapitulation of Science Process Skill Score Base on Indicator for 3 Meetings	46
Table 4.4. The Result of Normality Test of Students' Science Process Skills in Experiment and Control Class for Pretest	48
Table 4.5 The Result of Normality Test of Students' Science Process Skills in Experimental and Control Class for Posttest	48
