

ABSTRAK

Melisa Ratna Sari. NIM. 7143141056. Pengaruh Minat Mahasiswa Menjadi Guru Dan Pendapatan Orang Tua Terhadap Motivasi Mengikuti PPG (Pendidikan Profesi Guru) Jurusan Pendidikan Ekonomi Universitas Negeri Medan Stambuk 2014. Skripsi. Jurusan Ekonomi. Program Studi Pendidikan Ekonomi.

Masalah dalam Penelitian ini adalah rendahnya Motivasi Mahasiswa Mengikuti PPG. Penelitian ini bertujuan untuk mengetahui pengaruh Minat Mahasiswa Menjadi Guru terhadap Motivasi Mengikuti PPG, mengetahui pengaruh Pendapatan Orang tua terhadap Motivasi Mengikuti PPG dan mengetahui pengaruh Minat Mahasiswa Menjadi Guru dan Pendapatan Orang tua terhadap terhadap Motivasi Mengikuti PPG Jurusan Pendidikan Ekonomi Universitas Negeri Medan Stambuk 2014.

Penelitian ini dilaksanakan di Universitas Negeri Medan, di Jl. Willem Iskandar Pasar V, Precut Sei Tuan, Kabupaten Deli Serdang, Sumatera Utara. Populasi dalam penelitian ini berjumlah 127 orang mahasiswa. Sampel dalam penelitian ini berjumlah 96 orang mahasiswa. Instrumen pengumpulan data ialah angket/kuisoner dengan skala likert yang masing-masing telah diuji cobakan dan telah memenuhi syarat validitas dan realibilitas. Teknik analisis yang digunakan dalam penelitian ini adalah Pengujian hipotesis secara parsial dilakukan dengan uji t sedangkan untuk pengujian bersama-sama dilakukan uji F.

Berdasarkan hasil analisis data dan pembahasan penelitian dapat disimpulkan bahwa (1) Terdapat pengaruh yang signifikan antara Minat Mahasiswa Menjadi Guru terhadap Motivasi Mengikuti PPG dengan nilai $t_{hitung} = 5,992 > t_{tabel} = 1,989$. (2) Terdapat pengaruh yang signifikan antara Pendapatan Orang tua terhadap Motivasi Mengikuti PPG dengan nilai $t_{hitung} = 5,005 > t_{tabel} 1,989$. (3) Terdapat pengaruh yang signifikan antara Minat Mahasiswa Menjadi Guru dan Pendapatan Orang tua dengan Motivasi Mengikuti PPG Tinggi dibuktikan melalui hasil uji hipotesis secara simultan dengan nilai $F_{hitung} = 81,404 > F_{tabel} 3,09$

Berdasarkan hasil analisis data, kesimpulan dari penelitian ini adalah terdapat Pengaruh yang signifikan antara Minat Mahasiswa Menjadi Guru dan Pendapatan Orang tua terhadap Motivasi Mengikuti PPG Jurusan Pendidikan Ekonomi Universitas Negeri Medan Stambuk 2014.

Kata Kunci : Minat Mahasiswa Menjadi Guru, Pendapatan Orang tua, Motivasi Mengikuti PPG

ABSTRACT

Melisa Ratna Sari, NIM. 7143141056. Influence Student's Interest in becoming a teacher and Parent's income with Motivation to attend PPG in Education Studies Economic Education University of Medan at year 2014. Thesis, Departement of Economic Education. Education Studies Economic Education. Faculty of Economics. State University of Medan.

The problem in this research is the low of Motivation to attend PPG. This study aims to determine the influence Student's Interest in becoming a teacher with Motivation to attend PPG, influence to Parent's income with Motivation to attend PPG and determine Student's Interest in becoming a teacher and Parent's income with Motivation to attend PPG in Education Studies Economic Education University of Medan at year 2014.

This research was conducted in University of Medan in Willem Iskandar Pasar V stret , Precut Sei Tuan, Kabupaten Deli Serdang There is all of Education Studies Economic Education University of Medan at year 2014 with 127 peopleas population in this research. The sample in this study using 96 people. Instrument that used to collecting data is questionnaire with using likert scale that firstly tested the validity and reliability of the questionnaire before conducting research. The analysis used in this research is testing variable partially performed by t test while testing for both variables togetger with F test.

Based on the analysis and discussion of this study concluded that (1) There is significant influence between Student's Interest in becoming a teacher and Motivation to attend PPG with $t_{count} (5,992) > t_{table} (1,989)$. (2) There is a significant influence between Parent's income with Motivation to attend PPG with $t_{count} (5,005) > t_{table} (1,989)$. (3) There is a significant influence between Student's Interest in becoming a teacher and Parent's income together in Motivation to attend PPG with $F_{count} > F_{table}$ namely $(81,404 > 3,09)$.

Based on the analysis, the conclusions from this study is there a positive and significant influence between Student's Interest in becoming a teacher and Parent's income together in Motivation to attend PPG in Education Studies Economic Education University of Medan at year 2014.

Keywords : Student's Interest in becoming a teacher, Parent's income, Motivation to attend PPG.
