

ACKNOWLEDGEMENT

First of all the writer would like deepest thank and praise the writer prayed to Allah SWT for blessing hence researcher is able to finish this thesis with title “An Analysis of Students’ Interest and Attitude as Correlates of Learning Achievement in Biology of Student Class XI MIA SMA Negeri 8 Medan Academic Year 2018/2019” to fulfill one of the requirement for getting degree of Sarjana Pendidikan in Biology Department, Faculty of Mathematic and Natural Science, State University of Medan.

The writer owes the deepest gratitude to Dr. Hasruddin, M.Pd as my thesis supervisor who has generously spent precious time in giving the guidance, encouragement, comments, suggestions, and support until this thesis comes true. The great appreciation was given to Halim Simatupang, S.Pd., M.Pd, Ahmad Shafwan S. Pulungan, S.Pd., M.Si, and Dra. Aryeni, M.Pd as the thesis examiners for their advice, criticism, constructive comments, and valuable in completing this thesis. Special deep appreciation was given to academic supervisor (PA), Dra. Cicik Suriani, M.Si for the guidance.

The writer wish to expres appreciation to the Dean, Faculty of Mathematic and Natural Science, Dr. Martina Restuati, M.Si, to Head of Biology Departement, Dr. Hasruddin, M.Pd, to Head of Biology Education, Dra. Cicik Suriani, M.Si, to Coordinator of Bilingual Program, Dr. Iis Siti Jahro, M.Si for their support and help towards my undergraduate affairs.

The writer also thanks the Headmaster of SMA Negeri 8 Medan, Drs. Jongor Ranto Panjaitan, M.Min and the biology teacher as guide during research, Dra. Herliana, M.Si, Drs. Yazwar, M.Si and office staffs and especially the students in grade XI MIA SMA Negeri 8 Medan who participated in filling out the questionnaire for my research.

The writer also wants to express big thanks to her beloved parents, Drs. Abadi Santosa and Dra. Herliana, M.Si, for the endless love, unflailing support, greatest prayer, encouragement throuagement throughout the entire life, and also to my beloved siblings Lady Ichwana Resti and Farhan Ahmad Pangestu.

The writer wants to thanks for my friends during college Hanifah Majlaini, Melvalia Cristin Manik, Nurul Fauziah, and Evita Yulinda Siregar who have given enthusiasm and motivation who are struggling to get a degree of Sarjana. Thanks to all member of Bilingual Biology 2014 who has given the writer a lot of memory of togetherness during college.

Gratitude to my the best friend Kartika Azhari and Dita Putri Iskandar Nasution who has given attention, support, enthusiasm and hope that we can achieve success together.

May God reward all those who have contributed in the completion of this thesis. Finally, I hope this thesis would be beneficial to contribute ideas in education, be useful especially for students of SMA Negeri 8 Medan. I realize that this thesis is still far from being perfect therefore constructive comments and suggestion are needed for further improvement of this thesis.
