

LIST OF FIGURES

Figure 2.1. Leaf Epidermis	18
Figure 2.2. Parenchyma and Colenchyma Tissue	19
Figure 2.3. Sclerenchyme tissue	20
Figure 2.4. Phloem and Xylem	21
Figure 2.5. Cork Tissue	22
Figure 2.6. The root apical meristem	23
Figure 2.7. Leaf Anatomy	24
Figure 2.8. Morphology dicotyledonous plant stem	26
Figure 2.9. Dicotyl stem structure	27
Figure 2.10. Cross section of wood and parts	28
Figure 2.11. Structure of monocots stem	29
Figure 2.12. Anatomy of young dicotyl root and monocotyl root	32
Figure 2.13. (a) dicotyl flowers, (b) monocots flower, (c) flowers and parts	32
Figure 2.14. Differences of monocots and dicotyl plant	33
Figure 2.15. Tissue culture system	34
Figure 4.1. The Percentage of Student's Wrong Answer in Test Based on Cognitive Aspect	49
Figure 4.2. The Percentage of Student's Wrong Answer in Test Based on Indicator Aspect	51
