

PREFACE

Give thanks to Almighty God for gives blessing, health, and wisdom to the author until the thesis entitled “The Effect of Inquiry Learning Model to Students’ Mathematical Problem Solving Ability in Grade X SMA Negeri 1 Perbaungan” was finish. This thesis was arranged to fulfil the requirement in accomplishing S-1 Degree in Bilingual Mathematics Education Study Program, Mathematics and Natural Sciences Faculty, State University of Medan.

The author’s special sincerest thanks is expressed to Mr. Dr. Syafari, M.Pd as Thesis Supervisor who patiently guidance the author by giving advice, encouragements, suggestions and knowledge that have been contributed to help the author in compiling this thesis so that this thesis could be finished. The author also say thanks to Mr. Dr. E. Elvis Naitupulu, M.S, Mrs. Dr. Nerly Khairani, M.Si, and Mr. Dr. Edy Surya, M.Si as thesis examiners who have provided builded suggestion and revision in the completion of this thesis. Also for Mr. Prof. Dr. Sahat Saragih, M.Pd as academic supervisor and also for all lecturer in FMIPA Unimed.

My thanks are extended to Mr. Prof. Dr. Syawal Gultom, M.Pd, as the Rector of State University of Medan and employee staff in office of university head, Mrs. Dr. Martina Restuati, M.Si as the Dean of Faculty of Mathematics and Natural Sciences, Mr. Dr. Pardomuan Sitompul, M.Si as the Head of Mathematics Department, Mr. Lasker P Sinaga, S.Si, M.Si as the Secretary of Mathematics Department and Mrs. Dr. Iis Siti Jahro, M.Si as the Coordinator of Bilingual Program, and all of employee staff who have helped the author.

Special thanks also go to Mr. Dr. Riadi, M.Pd as the Headmaster in SMA Negeri 1 Perbaungan, Mrs. Tuti S Sipahutar, S.Pd as the Mathematics Teacher, all teacher and also staff of administration for respect and care to the guidance when the research was held, and all students in the class of X MIA 2 and X MIA 3 who have helped the author conducting the research.

Then this thesis was compiled from the togetherness, strength, spirit, and endless friendship ever given by my special best friend Ate, Chrystin, Gayatri,

Lasma, Lenny, Maria, and Ruth. Also big thanks for family of Bilmath 2014 for all support and togetherness during the first semester until eight semesters. And for all my friend PPLT UNIMED 2014 in SMA Negeri 1 Perbaungan.

And thanks to someone special, favourite man namely el. Crazy man but always gonna make me laugh, cares of me and always support me until my thesis completed. Thank you for being good man for me, good brother, good friend, and good soulmate. And fighting for you, see you on the top as a partner.

And the last, the infinitely special thanks to my beloved parent, my father Saut Situmorang and my mother Juita Sihombing. It is truly undoubted that their intense loves, cares, spirits, support, motivation, patience and willingness to wait for my graduation. Also for author's beloved sister Rohaya Y S and her husband Rio Maulana Simanjuntak and little princess Felicya Simanjuntak. Thank you so much from my deepest heart to you all for being very supportive during those hard time.

The author should give a big effort to prepare this thesis, and the author knows that this thesis has so many weaknesses. The author needs some suggestion to make it better. At last, may this thesis can be helpful and improve our knowledge.

Medan, January 2019
