

PREFACE

First of all, the author would like to say *Alhamdulillah* to Allah S.W.T because of His blessing and mercy so that the author could finish this thesis. This thesis which entitled “The Implication Of Problem Based Learning Model To Improve Student’s Mathematical Problem Solving Ability Of XI Grade In SMA Negeri 1 Tebing Tinggi” is submitted by the author in order to get the degree of *Sarjana Pendidikan* from mathematics department in Medan State University.

There are many people involved on this research. They also support the author to finish this thesis. Special thanks to the author’s thesis supervisor, Drs. Yasifati Hia, M.Si. who has given his knowledge, guidance, and advice from this first page of this thesis until it has finished. Special thanks is also expressed by the author to the thesis examiner, Dr. KMS. Amin Fauzi, M.Pd , Pardomuan N.J.M. Sinambela, S.Pd, M.Pd, Denny Haris, S.Si, M.Pd.

The author also expressed much thanks to Prof. Dr. Syawal Gultom, M.Pd as the rector of Medan State University, Dr. Martina Restuati, M.Si as the dean of Mathematics and Natural Science Faculty, Dr. Iis Siti Jahro, M.Si as the coordinator of Bilingual Program, Dr. Pardomuan Sitompul, M.Si as the head of Mathematics Department, Lasker P. Sinaga, S.Si, M.Si as the secretary of Mathematics Education Department, and all employees who supported in completing this thesis.

High appreciation will give to the headmaster of SMA NEGERI 1 Tebing Tinggi, Drs. Sariono, because of his kindness to let the author conduct the research in that school. The teacher of XI IPA grade, Mrs. T. Aritonang, who let me replace her for 2 weeks to teach the students. The author will not forget to say thank you to all staffs in SMA Negeri 1 Tebing Tinggi who have welcomed me warmly.

The biggest role played by them, who always support me in every situation. They are: my Mother, Hj.Farida who never be tired to say “finish your thesis!”; my Father, H.Romay Noor S.E who is always be patient and keep working hard in order to provide what I need; my little sister, Alisha Audina who does nothing but bothering me; my cousins, Fariza Yusrizal S.Pd and Nurasyidah

Yusrizal M.Pd who always ask, "how about your thesis?"; member of Big Hero 3, Deby Nurul Huda and Yessica Teresia Pardosi who never said no for food; my beloved S.Si Squad who keeps saying "Semangat, Meong!!"; my team, Ati Malem Sari Ginting, Meicelina Pricilia, Nova Rista, Dewi Lestari S.Pd and Nadya Ayu Putri S.Pd; member of Warga Kosan Unch, Devi Rianti S.Pd, Yuliana Hakim S.Pd, and Zullaiha Dyah Permata S.Pd; my classmates of Bilingual Mathematics Education 2014, the ones who I spent these 4 years together. And a special thanks to Adi Priyanto S.Si who always there anytime, anywhere and everything I need.

The author knows this thesis is far from perfect, so for the readers who have any suggestions or criticisms for this thesis, the author welcomes it. The author hopes that the content of this thesis can help many parties in order to make the educational system in Indonesia better than before. Thank you.
