LIST OF TABLES

Table		Page
2.1	Task Type	16
2.2	Different Process Between TBLL & RT	34
3.1	2x2 Factorial Design of the Study	39
4.1.	Frequency Distribution of Students' Achievement in Reading Comprehension Taught by Using TBLL	46
4.2	Frequency Distribution of Students' Achievement in Reading Comprehension Taught by Using RT	48
4.3	Frequency Distribution of Students' Achievement in Reading Comprehension Taught by Using TBLL with High Competence	49
4.4	Frequency Distribution of Students' Achievement in Reading Comprehension Taught by Using TBLL with Low Competence	51
4.5	Frequency Distribution of Students' Achievement in Reading Comprehension Taught by Using RT with High Competence	52
4.6	Frequency Distribution of Students' Achievement in Reading Comprehension Taught by Using RT with low competence	54
4.6	Frequency Distribution for Students' Achievement in Reading Comprehension with High Competence	54
4.7	Frequency Distribution for Students' Achievement in Reading	

Comprehension with low competence 56

4.9 Testing Result of Data Normality (Liliefors Test)..... 59

4.10 Testing Result of Homogenity Variance by using F Test..... 60

4.11 Calculation of Homogenity (Barlett Test)..... 60

4.12 Data of the Research..... 62

4.13 ANOVA Result of Students' Achievement...

in Reading Comprehension 62

4.14 Results of Tuckey Test Calculation..... 66
