

CHAPTER V

CONCLUSIONS AND SUGGESTIONS

5.1 Conclusions

Having analyzed the types of lexical creation in Slang Words of Iis Dahlia in Mamaku Hits, the conclusions are drawn as the following:

1. The types of lexical creation in Iis Dahlia's Slang Words in Mamaku Hits were nine types from twelve types of lexical creation. They were Conversion, Acronym, Blending, Coinage, Borrowing, Derivation, Multiple Process, Reduplication, and Echoism. Synonym is the new finding in this reseach. Compounding, Clipping, and Back Formation are not occur in Iis Dahlia's Slang Words in Mamaku Hits.
2. The proces of lexical creation is divided into two. They are Internal Lexical borrowing and External Lexical Borrowing. Firstly, Internal Lexical borrowing comprises of Derivation, Compound, Shortening and Coinage. External Lexical Borrowing are modified lexical borrowing, Total lexical borrowing, and Loan Translation.
3. The factors of lexical creation in Iis Dahlia's Slang Words in Mamaku Hits are strongly influenced by Cultural Factor and Linguistic Factor. Cultural factor is crucial in achieving linguistics profeciency, and the culture of a society can be changed depending upon the language used. the word of '*Leye-leye*' means *Nap or sleeping*, '*Pliket*' means *Sweat*, and '*Nimbrung*' means *Gathering* derived from Javanese language. Iis Dahlia

is javanese, so that is why some of the slang words derived from javanese language. those words are the result of naturalization in creating a word that influenced by the Cultural Factor. Linguistic factor The word of 'ojol' means 'ojek online' and 'PRJ' means 'Pekan Raya Jakarta', those words are created by the shortening process (Blending and Acronym). So, those words have the characteristic which is suitable to the linguistic factor and It is a result of making certain sequences of sounds easier to say.

5.2 suggestions

In relation to the conclusions, some pieces of suggestion points are provided below as the following:

- 1) It is suggested to the students or other practitioner do the same research in order to find out new phenomena to add sociolinguistics aspect especially in lexical creation and rise up the new finding to make the research more complete. This technique is indispensably usefull for the access of another expert's interest and attention about slang words.
- 2) To the linguistic, reseachers and those are extremelly interested to conduct a research to make a scientific study in lexical creation of slang words it is suggested to be the references.
- 3) It is expected to the institution that consist of Slang Words apply the standardization of Slang Words through the establishment of standardized Slang Words dictionary and spelling systems. The existence of Slang Words can be held down to the generation.
