

## CHAPTER V

### CONCLUSIONS AND SUGGESTIONS

#### A. Conclusions

1. The researcher concluded that the relevant teaching media in speaking skill for eleventh grade students of ERIA Medan was one video in each speaking material: Offering and Suggestion, Asking & Giving Opinion and Hopes & Dreams.
2. The videos blog contains the explanation about definition, expression, differences and some examples of each material.
3. The video blog as teaching media of speaking in Eleventh Grade was designed based on need analysis. In addition, video blog as teaching media was designed by using several steps, they are; (1) Gathering data information, (2) Need analysis, (3) Media design, (4) Validating to experts, (5) Revising, (6) Final product. Furthermore, the average scores of media assessment were 4.65 from English teacher Elvi Riyanti Pasaribu, S. Pd and 4.30 from English lecturer Prof. Dr. Hj. Sumarsih, M. Pd. The total mean of all of the items of expert's assessment from the two experts is 4.47, it means that developed video were categorized as very appropriate for students of eleventh grade in SMA ERIA Medan.

## B. Suggestions

Based on the conclusion above, some suggestions are given as follows:

1. The students should learn independently and take more practice in speaking by using video blog, because video blog can provide interesting material and communicative tasks, so the student accustomed in speaking English.
2. The teacher should use the video blog as attract students' enthusiasm and provide the opportunity to practice speaking English in teaching speaking, because video blog contains interesting materials.
3. School should facilitate the teacher and other researcher in developing video blog, because the video blog can be used by the students to study and practice speaking independently.
4. And other researcher should conduct further studies on developing video vlog for another lesson which relevant to students' need in order to increase students' comprehension and enthusiasm.
