

PREFACE

In the name of Allah the Most Gracious and Merciful.

Alhamdulillah first of all, I would like to give the greatest thank and praise to Allah SWT for blessing me to be able to finish the final task in University level, known as Skripsi by title “The Development of High School Biology Cousebook’s Content on Immune System topic using Scientific Approach” . Shalawat and salam to our prophet Muhammad SAW and his family.

And secondly, I would like to express my highest gratitude and love to my parents, my mom Juwita Sembiring and daddy Ruslan Saragih and my brothers and sister which has really helped me so far both in motivation and a lot of material that has been spent on my education.

I would like to express my highest gratitude and appreciation to my thesis supervisor sir Drs.Syarifuddin, M.Sc.,Ph.D. who have been very helpful, kind and patient in giving me advice, ideas, guidance, and his valuable time during the process of writing this thesis.

I also wish to express my sincere thanks to my Academic Consultant sir Dr. Tri Harsono, M.Si and deeply thanks to my thesis examiner who have been help me to revision my thesis to be a good thesis they are Mam Dr.Tumiur Gultom, S.P., M.P,sir Wasis Wuyung Wisnu Barata, S.Pd., M.Pd, and sir Prof.Dr.rer.nat.Binari Manurung, M.Si.

With all my love I thank all of my friends in Bahenol squad they are KakIcha, Mega, Miska and Deby. And my classmates Bilbio 2015, and my alumnus friends in Mas Pesantren Dairi Sidikalang. And personally I show gratitude to my evil friend is Sal which is a bit annoying and encouraging me to finish my thesis.

Finally, I invite you as the readers to give comments and suggestions from those who are deeply concerned in such topic. However, I expect this thesis will give worthwhile contributions to all readers.
