

ACKNOWLEDGEMENTS

Bismillahirrahmanirrahim.

First and foremost, praise and thank be to ALLAH SWT, the Almighty, who has granted countless blessing, knowledge, and opportunity to the writer so that she has been finally able to accomplish her thesis.

This thesis could have been completed because of the guidance, encouragement, suggestions, and comments from several people, for which she would like to extend her sincere and special thanks.

She gratefully acknowledges her debt to Prof. Dr. Berlin Sibarani, M.Pd, her first adviser, who has generously spent precious time in giving the guidance, encouragement, suggestions, and comments until this thesis comes to its present form. Her deepest gratitude is also expressed to Dr. Didik Santoso, M.Pd, her second adviser, who has kindly assisted her for many hours as she tried to figure out what she really wanted to say in this thesis.

Her enormous appreciation is addressed to Prof. Dr. Busmin Gurning, M.Pd, the head of English Applied Linguistics Study, and to Dr. Anni Holila Pulungan, M.Hum, the secretary of English Applied Linguistics Study, for their administrative assistances.

She heartily wishes to acknowledge Prof. Dr. Busmin Gurning, M.Pd, Prof. Dr. Lince Sihombing, M.Pd, and Dr. Anni Holila Pulungan, M.Hum for being her reviewers and examiners, for the valuable inputs to be included in this thesis. She also is in enormous intellectual debt to all lecturers of English Applied

Linguistics Study Program who have been her inspiration during the academic years and also during the completion of this thesis.

Special thanks are extended to Drs. Ulian Barus, M.Pd, the dean of education faculty of Muslim Nusantara University Medan, for the permission to conduct the research and to the semester IV students of class A and C of 2010/2011 academic year for the cooperation during the research.

Finally, she will forever be indebted to her beloved parents, H.M. Kasimin and Suwarni, her lovely sister and nephew, Maya and Aldi, and also her amazing relatives for always trying to keep her on track whenever she is on the verge of stumbling. She would like to dedicate this thesis especially to Mae and Om Gito. She realizes that when she sees her life path, it just wouldn't rhyme without them.

Last but not least, her heartfelt thanks also go to her best friends Mei, Ayu, Uci, Gen, Rini, Usma, and Grace for having given her unfailing support and encouragement during the academic years and the completion of her thesis, to all friends in intake XV class for their friendship and cooperation, and to her boarding house's friends Lia, Nela, Kris, Imah, and Vita for their prayer.

It would be difficult to find adequate words to convey how much she owes the people. Lots of love and thank to all of you.

May Allah bless us.
