

ACKNOWLEDGEMENT

First of all, i am the writer would like to devote the greatest thankfulness to Almighty God Jesus Christ, for His blessing, guidance, strength and love that He gives in all my life especially in doing this thesis.

In this opportunity, i would like to express my gratitude for Prof. Drs. M. Situmorang, M.Sc, Ph.D and Dr. Simson Tarigan, M.Pd as my supervisors and Prof. Dr. Ramlan Silaban, M.Si, Eddyanto, Ph.D and Dr. Iis Siti Jahro, M.Si as my counselors, for their advices, suggestions, guidance and constructive comments in the process of completing this thesis.

The writer also says thanks for Dr. Retno M.Si as the valuator of instrument test in this research, Dra. Hj. Rebekka Girsang, the headmaster of Senior High School of Government 1 Medan, Drs. Indra Ashar, the headmaster of Senior High School of Government 1 Tebing Tinggi, Alberto Colia, M.Pd, the headmaster of Senior High School of Government 1 Berastagi, and for all chemistry teachers who have been helped me in doing the research.

My special gratitude is devoted for my beloved parents, R. Tarigan and R Br. Sinuhaji and also my dearest Brother and young sister Briptu. Osvaldo Arbhi Tarigan, S.H and Henni Demitra Br Tarigan for their loves, supports, prays and attention that they always give to me.

I have tried as maximal as i can, in doing this thesis but in my humble heart, i hope construct suggestions and critics of the reader for perfection this thesis. I hope this thesis can be useful and give function of reader's knowledge especially about the standard chemistry textbook which is researched in this thesis.

Writer,

Dina Adreini Br Tarigan
