## DAFTAR TABEL

| | | |
|---|---|---|
| **Tabel 2.1.** | Manfaat Media Pembelajaran…………………….................... | 15 |
| **Tabel 2.2.** | Perbedaan Pembelajaran Kontekstual dengan Direct Instruction……………….................................................. | 24 |
| **Tabel 2.3** | Deskripsi Profil Lulusan Prodi Pendidikan Kimia Unimed Berdasarkan KKNI................................................................. | 31 |
| **Tabel 3.1.** | Teknik Pengumpulan Data.…………………....................... | 44 |
| **Tabel 3.2.** | Pemberian Skor Pada Setiap Item Pernyataan...................... | 45 |
| **Tabel 3.3.** | Kisi-Kisi Soal Instrumen Tes................................................ | 45 |
| **Tabel 3.4** | Kriteria Analisis Media Dubido........................................... | 48 |
| **Tabel 3.5** | Kriteria Keterlaksanaan Media dubido Berbasis Kontekstual. ......................................... .......................... | 49 |
| **Tabel 3.7** | Kriteria Penilaian Media dubido Berbasis Kontekstual......... | 49 |
| **Tabel 3.8** | Kategori *N-gain*.................................................................. | 50 |
| **Tabel 3.9** | Lembar Angket Respon Mahasiswa pada Media Dubido Berbasis Kontekstual | 51 |
| **Tabel 4.1** | Hasil Analisis Wawancara.................................................. | 54 |
| **Tabel 4.2** | Hasil Analisis Kebutuhan.................................................... | 55 |
| **Tabel 4.3** | Materi Pokok Pembelajaran................................................. | 56 |
| **Tabel 4.4** | Aspek Penilaian Berdasarkan Kelayakan Isi........................ | 58 |
| **Tabel 4.5** | Aspek Penilaian Berdasarkan Kelayakan Penyajian............ | 59 |
| **Tabel 4.6** | Aspek Penilaian Berdasarkan Kelayakan Bahasa................. | 60 |
| **Tabel 4.7** | Aspek Penilaian Berdasarkan KKNI.................................... | 62 |
| **Tabel 4.8** | Aspek Penilaian Berdasarkan Contextual............................ | 63 |
| **Tabel 4.9** | Aspek Penilaian Berdasarkan Kelayakan Media................... | 64 |
| **Tabel 4.10** | Uji Normalitas Pada Materi Elektrokimia............................ | 65 |
| **Tabel 4.11.** | Uji Homogenitas Elektrokimia............................................. | 66 |
| **Tabel 4.12** | Nilai Hasil Belajar Mahasiswa.............................................. | 66 |
| **Tabel 4.13** | Nilai Minat Mahasiswa....................................... ............. | 67 |
| **Tabel 4.14** | Hasil Angket Respon Mahasiswa.......................................... | 69 |
| **Tabel 4.15** | Hasil Uji Hipotesis | 73 |
