

CHAPTER V CONCLUSIONS AND SUGGESTIONS

5.1 Conclusions

The conclusion of this research is drawn based on the data analysis, findings and discussion as the following:

1. Language can be analyzed based on the text and social context. The types of external and internal conjunctions are the analysis of the news story text of the Jakarta Post newspaper in a text. Types of external and internal conjunctions give more complete understanding and it is more understanding in presenting text. From the all explanation and description can be concluded that the dominant that used in the news text are external conjunctions: external addition.
2. There are two ways of external and internal conjunctions realized in the news story text they are clause complex which have several clauses consisting of independent clause is an equal (paratactic) and clause complex have several clauses consist of independent clause relate with dependent clause is an unequal (hypotactic).
3. The reasons why are the external and internal conjunctions realized in the news story text of the Jakarta Post were logically organized sequences of activities, things, events and internal conjunctions was logically organized waves of arguments.

5.2 Suggestions

Based on the conclusion of this research, there several suggestions can be proposed:

1. The researcher feels that describing the external and internal conjunctions in the news story text of the Jakarta Post is a challenge. The analysis give some good experience. For example the realization of external and internal conjunctions in the clause complex so the study of text development about it. The researcher hopes the next analysis of analysis in another text can be done base on external and internal conjunctions.
2. Based on the research problem, the researcher has found the realization of external and internal conjunctions in the news story text of the Jakarta Post. The realization of every external and internal conjunctions used in the clause complex has the relationship with the purpose and the meaning of the clause based on the analysis. So, for the next researcher have to comprehend in detail of each external and internal conjunction. So, the researcher can determine which one conjunction contain in the clauses or clause complex and the analysis of the text. So, the researcher can find the contribution of them to elaborate the realization of external and internal conjunctions in the text.
3. The reason of the external and internal conjunctions in the news story text of the Jakarta Post has been elaborate in the finding. So, the researcher concluded the purpose of used external and internal conjunction in the text is logically organized sequences of activities, things and event happens. Then, in internal conjunctions logically organized waves of

argument in discourse. It is advisable for the reader especially in news story text of the Jakarta Post to understand the meaning of external and internal conjunctions used, especially why the external and internal conjunctions used in “news story text” of the Jakarta Post.
