Subject: European Food Research and Technology - Decision on Manuscript ID EFRT-17-1152 (D-SW-05)
06-Oct-2017

Dear Mrs. DAMANIK:

Manuscript ID EFRT-17-1152 entitled "The stability of palm oils during heating in a Rancimat" which you submitted to the European Food Research and Technology, has been reviewed. The comments from reviewer(s) are included at the bottom of this letter. Additional comments of the reviewer(s) may have been provided in separate files, please check this decision letter also in your Author Center.

In view of the criticisms of the reviewer(s), I must decline the manuscript for publication in the European Food Research and Technology at this time. However, a new manuscript may be submitted which takes into consideration these comments.

Please note that resubmitting your manuscript does not guarantee eventual acceptance, and that your resubmission will be subject to re-review by the reviewer(s) before a decision is rendered.

Please note that final decision about acceptance will depend on the revised version and your response to all comments of the reviewers. Please make a point-by-point response to ALL comments of the reviewers in the field "Author's response". Without this, we cannot proceed with the reviewing process.

You will be unable to make your revisions on the originally submitted version of your manuscript. Instead, revise your manuscript using a word processing program and save it on your computer.

Once you have revised your manuscript, go to <https://mc.manuscriptcentral.com/efrt> and login to your Author Center. Click on "Manuscripts with Decisions," and then click on "Create a Resubmission" located next to the manuscript number. Then, follow the steps for resubmitting your manuscript.

Because we are trying to facilitate timely publication of manuscripts submitted to the European Food Research and Technology, your revised manuscript should be uploaded as soon as possible. If it is not possible for you to submit your revision within a reasonable amount of time, we will consider your paper as a new submission.

I look forward to a resubmission.

Sincerely,
Professor Thomas Henle
Editor-in-Chief, European Food Research and Technology

Dear Michael,

How are you? With this email, I've attached the decision of the manuscript. There are some comments that we have to change it and afterward resubmitted it again. I need your suggestion. Thanks.

With kind regards, Marini
