First of all, the writer would like to express his greatest gratitude to Allah SWT, the Almighty that has given him the ability, health, and safety until this thesis can be done.

His sincere gratitude goes to his parents and brothers who never stopped understanding him. Without their love, encouragement and support, he would not have made it to study in Postgraduate Program and accomplished it. May Allah SWT always protect them.

He would like to record his gratefully acknowledge to his advisors Dr. Sri Minda Murni, M.S. and Dr. Didik Santoso, M.Pd. for their supervision, advice guidance from the very early of this research as well as giving him extraordinary experiences throughout the work. With the wisdom from above they made his thesis writing time a pleasant experience.

And also to many others lecturers and friends whose names he cannot list here due to the limit of the space, but there is no limit of his gratitude to them.
