

ABSTRAK

Candra F Nainggolan. Nim. 7163141009. Pengaruh Persepsi Siswa tentang Kompetensi Profesional Guru dan Motivasi Orang Tua Terhadap Prestasi Belajar Ekonomi Siswa Kelas XI IPS SMA Negeri 1 Deli Tua Tahun Ajaran 2019/2020. Skripsi. Jurusan Pendidikan Ekonomi, Program Studi Pendidikan Ekonomi, Fakultas Ekonomi, Universitas Negeri Medan 2020.

Permasalahan dalam penelitian ini adalah rendahnya prestasi belajar ekonomi siswa. Penelitian ini bertujuan untuk mengetahui : 1) pengaruh persepsi siswa tentang kompetensi profesional guru terhadap prestasi belajar ekonomi siswa, 2) pengaruh motivasi orang tua terhadap prestasi belajar ekonomi siswa, 3) pengaruh persepsi siswa tentang kompetensi profesional guru dan motivasi orang tua terhadap prestasi belajar ekonomi siswa kelas XI IPS SMANegeri 1 Deli Tua Tahun Ajaran 2019/2020. Penelitian ini dilakukan di SMAN 1 Deli Tua dengan jumlah sampel 72 siswa, dengan teknik pengambilan sampel teknik random sampling.

Penelitian ini adalah penelitian Expost Facto, dimana untuk mendapatkan data penelitian digunakan angket, observasi, dan dokumentasi. Teknik analisis data dengan menggunakan regresi linear berganda dan untuk uji hipotesis dengan menggunakan uji-t dan uji-f dengan menggunakan bantuan program IBM SPSS 21.00.

Hasil analisis data diperoleh persamaan regresi linear berganda yaitu $Y = 3,545 + 0,410X_1 + 0,588 X_2 + e$. hasil uji-t diperoleh $t_{hitung} = 4,676 > 1,667$ serta nilai signifikansi $0,000 < 0,05$ untuk hipotesis 1 dan untuk hipotesis 2 diperoleh $t_{hitung} = 6,328 > 1,667$ serta nilai signifikansi $0,000 < 0,05$. Sedangkan pengujian hipotesis secara simultan diperoleh $F_{hitung} = 177,507$ dan nilai signifikansi adalah $0,000 < 0,05$. dengan hasil uji determinasi dari R^2 adalah sebesar 0,837.

Hasil penelitian ini dapat disimpulkan bahwa : 1) ada pengaruh positif dan signifikan persepsi siswa tentang kompetensi profesional guru terhadap prestasi belajar ekonomi, 2) ada pengaruh positif dan signifikan motivasi orang tua terhadap prestasi belajar ekonomi, 3) ada pengaruh positif dan signifikan persepsi siswa tentang kompetensi profesional guru dan motivasi orang tua terhadap prestasi belajar ekonomi siswa kelas XI IPS SMANegeri 1 Deli Tua Tahun Ajaran 2019/2020.

Kata Kunci: Kompetensi Profesional Guru, Motivasi Orang Tua, dan Prestasi Belajar

ABSTRACT

Candra F Nainggolan. Nim 7163141009. The Influence of Students' Perceptions about Teacher Professional Competence and Parents' Motivation Against Economic Learning Achievement in Class XI IPS Senior High School Students 1 Deli Tua Academic Year 2019/2020. Thesis. Department of Economic Education, Economic Education Study Program, Faculty of Economics, UNIMED 2020.

The problem in this study is the low achievement of students' economic learning. This study aims to determine: 1) the effect of students' perceptions of teacher professional competence on students' economic learning achievement, 2) the influence of parents' motivation on student economic learning achievement, 3) the effect of students' perceptions of teacher's professional competence and parents' motivation on economic learning achievement XI IPS grade students at SMANegeri 1 Deli Tua for the 2019/2020 Academic Year. This research was conducted at Deli Tua Senior High School 1 with a total sample of 72 students, with a random sampling technique.

This research is Expost Facto research, where to get research data, questionnaire, observation, and documentation are used. Data analysis techniques using multiple linear regression and for hypothesis testing using t-test and f-test using the help of the IBM SPSS 21.00 program.

The results of data analysis obtained by the multiple linear regression equation, $Y = 3.545 + 0.410X_1 + 0.588 X_2 + e$. t-test results obtained $t_{count} = 4.676 > 1.667$ and a significance value of $0.000 < 0.05$ for hypothesis 1 and for hypothesis 2 obtained $t_{count} = 6.328 > 1.667$ and a significance value of $0.000 < 0.05$. While testing the hypothesis simultaneously obtained $F_{count} = 177.507$ and the significance value is $0.000 < 0.05$. With the test results of the determination of R^2 amounted to 0.837.

The results of this study can be concluded that: 1) there is a positive and significant influence of students' perceptions of the teacher's professional competence towards economic learning achievement, 2) there is a positive and significant influence of parents' motivation on economic learning achievement, 3) there is a positive and significant influence on students' perceptions about Teacher's professional competence and parents' motivation towards students' economic learning achievement in class XI IPS SMANegeri 1 Deli Tua Academic Year 2019/2020.
