

FOREWORD

Praise and gratitude to the presence of the Almighty God for the blessings and love to the author that gives wisdom and health so that the thesis can be completed properly. The title of the thesis “An Analysis of Students’ Critical Thinking Skills and Difficulty on Virus Material Using Online Learning System during the Pandemic COVID -19 Period of Class X SMA Sinar Harapan Pantai Labu Academic Year 2020/2021” was arranged to obtain a Bachelor’s Degree in Biology Education, Faculty of Mathematics and Natural Sciences, Universitas Negeri Medan.

In a chance, many thanks and really appreciate to Dr. Hasruddin, M.Pd as thesis supervisor who has given his time, guidance, support, and suggestion in completing this thesis. Thank you to Dr. Aswarina Nasution, M.Pd, Dr. Widya Arwita, S.Pd, M.Pd, and Dra. Martina Asiati Napitupulu, M.Sc as the examiner lecturer who has given criticism and suggestion from planning to completion of the thesis for the sake of improving the thesis. Thank you for Prof. Dr. Fauziyah Harahap, M.Si as the academic supervisor who provided guidance and give the support and thank you to all lecturer and staffs of FMIPA UNIMED department and bilingual staffs who accompany for the several years. And thank you for the Miswanto S.Ag as principal at SMA Sinar Harapan and the teacher who given permission, Devi Ratna Octavia Manalu, S.Pd.,Gr as the Biology teacher who has helped during the research and all class X IPA who have helped the implementation of this research. The author would like to thank my father, Erwin and my mother, Sukini also to brother, Edy Setiawan who always supported, prayed, cheered up, and motivated in completing this thesis.

The author realizes this thesis is not excellent and thank God this thesis finally can be completed. Hopefully this thesis can be useful for all those who need it, especially in education and students’ critical thinking skills.

Medan, Oktober 2021
