

ACKNOWLEDGEMENT

First of all I would like to devote my greatest thankfulness to The Almighty Allah SWT is The Most Gracious and The Most Merciful for His blessing, guidance, strength, health, and His favor which have been given so that I could finally finish this thesis entitled: **Development of Three Tier Instrument Test With Certainty of Response Index (CRI) to Detect Misconception in Learning Redox Reaction**. This research is done in four schools in Medan city and Deli Serdang regency that prepared to get degree of Sarjana Pendidikan (S.Pd.) of Chemistry Education, Faculty of Mathematics and Natural Sciences, Universitas Negeri Medan.

On this occasion, I want to convey a respect and gratitude to Dr. Zainuddin M., M.Si. as my thesis supervisor, Prof. Drs. Manihar Situmorang, M.Sc., Ph.D, Dr. Iis Siti Jahro, M.Si., and Dr. Ahmad Nasir Pulungan, M.Sc. as my thesis examiners who has provided guidance and suggestion to me since the beginning of the study until the completion in writing this thesis. I also like to say thank you to Prof. Dr. Fauziah Harahap, M.Si. as the dean of Faculty of Mathematics and Natural Sciences, Dr. Ayi Darmana, M.Si. as the head of Chemistry Department, Dr. Ely Djulia, M.Pd. as coordinator of Bilingual Program, Dr. techn. Marini Damanik, S.Si., M.Si. as secretary of Bilingual Program, Prof. Dr. Wesly Hutabarat, M.Sc. as my academic supervisor and to all lecturers in Bilingual Chemistry Education for all their help in completing my study and this thesis. Also my thanks to Moondra Zubir, M.Si., Ph.D. as my instrument validator for his time and suggestion in development of my research instrument.

Give thanks also to Drs. Sutrisno as headmaster and Riza Novita, S.Pd. as teacher in SMA Dharmawangsa Medan, Muliadi, S.Pd., M.Si. as headmaster and Helfrida Sinaga, S.Pd. as teacher in SMAN 1 Percut Sei Tuan, Maisaroh, S.Pd., M.Si. as headmaster and Ramlah Khairani Harahap, M.Pd. as teacher in MAN 1 Medan, and Fazuli, S.Pd. as headmaster and Dea Amalia, S.Pd. as teacher in MAS

PAB 2 Helvetia and to all teachers and staffs of school who helped me doing my research.

Special gratitude no limit to best ever parents in my life, my father Ponidi, S.T. and my mother Tri Yunitasari for their limitless love and prays that always given to me, also my beloved sister Ashria Nur Fadhila and my beloved brother Muhammad Iqbal Faiz, who always giving love, support, motivation, and happiness. I love my family so much.

For my class in college life, CESP 2017, especially for Luxy, Nadya, Dhilah, Dame, Iik and Catur for your patience being my friends in college and really helping my thesis process. For *Misscute* ganks (Dedek, Latifah, Annisa) for a story of friendship that will never end since junior high school (2011) till now. For my close friends Chairunisa, Zirah, Nazhiefah, Tiwi who work on thesis together, exchange stories, and provide suggestions for the development of my thesis. For my organization in college life, LP2IM, especially for my friends in 2017: Ahmad, Syafrul, Dimas, Putra, Nirwana, Nina, Fanny, Septi, Viska, Risma, thank you for being the most comfortable home and a place where i can grow to be an ambitious student during my study. For my business mentors and my friends in Oriflame, especially for Kak Nanta, Kak Mariatun, Kak Vera, Hadijah, Christin, Tride, Josua, who always encouraged me in writing my thesis. And for friends that I cannot mention one by one, thank you very much.

I have attempted as maximal as I can in doing this thesis. I hope this thesis can be useful and gives many function to the readers knowledge especially about subject matter which is researched in this thesis.

Medan, July 2021
