

List of Table

Table	Pages
2.1 Characteristics of learning	10
2.2 Bloom's theory revision	15
3.1 Two group pretest and posttest design	34
3.2 Fluids Statics Learning outcomes Test Table r Experimentation class and Control class	39
3.3 Calculate earned value learning outcomes	40
4.1 Mean and Standard Deviation of pretest in control and experimental class	47
4.2 Mean value and standard deviation of posttest in control and experimental classes	48
4.3 Normal distribution test results in the control and experimental class	48
4.4 Homogeneous Test Results for the control class and experimental class	49
4.5 Results of pretest hypothesis testing	50
4.6 Hypothesis testing results in the control and experimental class	51
