Dear Prof Namejs Zeltins
Editor-in-Chief of Latvian Journal of Physics and Technical Sciences

On the behalf of this email, I would like to submit my draft of manuscript to Latvian Journal of Physics and Technical Science. I came across to your journal since I have found that my manuscript is fit to the journal's scope. In this manuscript, we have successfully synthesized a natural zeolite via co-precipitation method. This zeolite is very effective in terms of becoming Copper, Lead and Zinc metal adsorbent. Consequently, this finding has significant contribution to tackle the metal waste problems.

Furthermore, please kindly find the cover letter and draft of manuscript attached below. Thank you for your time and consideration, and I look forward to hearing from you soon.

Sincerely Yours
Dr. Makmur Sirait

Dear Sir,

you will find a draft PDF file of your article for April 2020 issue of the Latvian Journal of Physics and Technical Sciences attached to this e-mail.

Please review the file, and give your feedback regarding necessary corrections, if any.

If corrections are required, please specify precisely where they must be made, and what has to be corrected.

We would be very thankful to receive your feedback ASAP, but not later than by March 29.

Best regards, and with hope to hear from you soon,

Leo Jansons

Managing Editor
Latvian Journal of Physics and Technical Sciences

Dear Sir,

thank you for your inquiry!

Your publication went online on April 20, 2020, and at this time is available in:

http://fei-web.lv/images/zurnali/2020/FEI_Zurnal_2020-3.pdf

Also, we expect that issue 3(2020) of the journal will be available on Sciendo in May, or June the latest.

Best regards,

Leo Jansons
