

ABSTRAK

AYU WULAN SARI NASUTION, NIM. 1171171003, Hubungan Perilaku Menggunakan *Smartphone* Dengan Hasil Belajar Mahasiswa Dimasa Pandemi Covid-19 (Studi Kasus Di Kecamatan Sungai Kanan, Kabupaten Labuhan Batu Selatan). Skripsi. Jurusan Pendidikan Masyarakat. Fakultas Ilmu Pendidikan. Universitas Negeri Medan. 2021.

Penelitian ini dilatar belakangi dengan permasalahan perilaku mahasiswa menggunakan *smartphone* dimasa pandemi Covid-19, di Kecamatan Sungai Kanan, Kabupaten Labuhan Batu Selatan. Tujuan penelitian ini untuk mengetahui (1) perilaku mahasiswa menggunakan *smartphone* dimasa pandemi (2) tingkat pencapaian hasil belajar mahasiswa, dan (3) hubungan perilaku belajar terhadap tingkat pencapaian hasil belajar mahasiswa selama pembelajaran dengan menggunakan *smartphone* dimasa pandemi. Penelitian ini dilaksanakan di Kecamatan Sungai Kanan, Kabupaten Labuhan Batu Selatan dengan populasi sebanyak 100 orang, dengan menggunakan teknik *Probability Sampling*. Sampel terdiri dari 80 orang. Data penelitian ini dikumpulkan dengan menggunakan angket dan dokumentasi. Data penelitian di analisis dengan menggunakan teknik analisis *product moment* dari uji korelasional dan uji hipotesis. Hasil perhitungan data penelitian menunjukkan bahwa (1) Besaran skor rata-rata perilaku mahasiswa dalam penggunaan *smartphone* masa pembelajaran daring mencapai nilai rata-rata 3.9250 yang tergolong dalam kategori nilai tidak baik, (2) Tingkat pencapaian hasil belajar mahasiswa mencapai 4.0375 yang tergolong dalam kategori baik, dan (3) Terdapat hubungan perilaku belajar terhadap tingkat pencapaian hasil belajar mahasiswa selama pembelajaran dengan menggunakan *smartphone* dimasa pandemi mencapai 0,449 yang signifikasn pada taraf 5% persen. Koefisien determinasi mencapai 0,202 sehingga kontribusi perilaku belajar terhadap penggunaan *smartphone* mencapai 20,2% hubungan penggunaan *smartphone* terhadap perilaku dan hasil belajar mahasiswa selama pembelajaran daring dimasa pandemi.

Kata Kunci : Perilaku Mahasiswa, Hasil Belajar.

ABSTRACT

AYU WULAN SARI NASUTION, NIM. 1171171003, The Relationship Behavior Using Smartphones With Student Learning Outcomes During the Covid-19 Pandemic (Case study in the Sungai Kanan District, Labuhan Batu Selatan Regency). Essay. Department of Community Education. Faculty of Science Education. Medan State University. 2021.

This research is motivated by the problem of student behavior using smartphones during the Covid-19 pandemic, in Sungai Kanan District, Labuhan Batu Selatan Regency. The purpose of this study was to determine (1) the behavior of students using smartphones during the pandemic (2) the level of achievement of student learning outcomes, and (3) the relationship of learning behavior to the level of achievement of student learning outcomes during learning by using smartphones during the pandemic. This research was conducted in Sungai Kanan District, Labuhan Batu Selatan Regency with a population of 100 people, using the Probability Sampling technique. The sample consists of 80 people. The research data were collected using a questionnaire and documentation. The research data were analyzed using product moment analysis techniques from correlational tests and hypothesis testing. The results of the calculation of research data show that (1) The average score of student behavior in the use of smartphones during online learning reaches an average value of 3.9250 which belongs to the category of bad grades, (2) The level of achievement of student learning outcomes reaches 4.0375 which belongs to the category good, and (3) There is a relationship between learning behavior and the level of achievement of student learning outcomes during learning using smartphones during the pandemic reaching 0.449 which is significant at the 5% percent level. The coefficient of determination reached 0.202 so that the contribution of learning behavior to smartphone use reached 20.2%, the relationship between smartphone use and student behavior and learning outcomes during online learning during the pandemic.

Keywords: Student Behavior, Learning Outcomes.
